OUR MISSION

The Michigan Great Lakes Virtual Academy (MGLVA) will provide an individualized education plan for each of our K–12 students, based upon proven best practices, so that they will gain the skills, knowledge, habits of mind, and democratic values to both achieve their goals as individuals and to be productive, engaged citizens of the great state of Michigan. Delivered online and offline, this unique program will put public school accountability, teacher competence, and meaningful parent involvement at the center of student learning. MGLVA will be a model for other public schools to replicate, especially in the areas of creating Individualized Learning Plans (ILPs) to encourage parental engagement, mastery of standards, and web-based and in-person professional development, a detailed instructional model to create value-added measures of student achievement and tiered levels of intervention for students who are struggling. MGLVA is committed to data-driven instruction and decision making, responsive governance, across-the-board accountability, and transparency in all aspects of school operations.

OUR VISION

Our vision is that Michigan Great Lakes Virtual Academy (MGLVA) will be a true school of excellence: A high-performing school that produces exemplary levels of student achievement; equips every student with the foundation they need to graduate; and prepares students for any postsecondary opportunity they wish to pursue.

OUR CORE VALUES

A shared goal between a team and its partners opens collaboration to a whole new level.

Working toward the same goal redefines our relationship and strengthens our teamwork. Each party represents an integral component to a goal's success.

MGLVA's mission, vision, and core values must align with STRIDE K12's mission, vision, and core values. Our mission is to be a school of excellence, guiding the way for all who enter. Just as a real lighthouse shines its light to guide ships safely to shore, MGLVA will shine its beacon of light to guide its members on their journey. This beacon will light the path and guide each of us safely to our destination. Although much will be required of each of us, MGLVA will be there when things get rocky. The word "beacon" reflects the core values of MGLVA. The word "pact" reflects the core values of STRIDE K12, Inc. Here is how they intertwine.

B = Bravery

E = Ethics

A = Ambition

C = Compassion

O = Openness

N = Nobility

P = Passion

A = Accountability

C = Courage

T = Trust

Trust encompasses all values. Supporting each other within the community builds trusting and long-lasting relationships.

OUR COMMUNICATION PLAN

Effective communication is critical to the success of a school's students, learning coaches, and staff.

This handbook provides an abundance of information to ensure that staff, learning coaches, and students receive the information they need to be successful.

- be given an opportunity to respond to the accusations if he/she has not already done so;
- be informed of the recommended remedial measure; and
- be informed of the consequences of future infractions.

After the conference with the student, the administrator shall implement the recommended remedial measure and send the parent a disciplinary letter to inform them of the student's violation, the length of the suspension, and the day on which the student and parent/guardian are permitted to return to class.

PROCEDURE FOR SUSPENSIONS OF MORE THAN THREE (3) DAYS

Students who are suspended for more than three (3) days shall be afforded an informal hearing. Parents of the students must be notified in writing when the suspension is between three (3) and ten (10) days. The notification must afford the parent time to attend the hearing. When the suspension is in regard to health, safety, and welfare, the student may be suspended immediately. The hearing allows the students to meet with appropriate official to explain why he/she should not be suspended. During the hearing the student will:

- be informed of the alleged violation and any of the surrounding circumstances examined;
- be given an opportunity to respond to the accusations if he/she has not already done so;
- be informed of the recommended remedial measure; and
- be informed of the consequences of future infractions.

EXPULSION

By definition, "expulsion" is any exclusion from school for a period of more than ten (10) days. Written notice describing the misconduct containing specific reference to the rules and the setting the times and place of the hearing must be sent to the student's parent or guardian. A formal hearing must be held and should be private unless requested by the parent or guardian to be public. The student

- may be represented by an attorney;
- has the right to have the information on the prosecution's witnesses;
- has the right to testify and present witnesses on his own behalf; and
- has the right to appeal to the appropriate judicial authority.

DISCIPLINE OF STUDENTS WITH DISABILITIES

If a student violates the Student Code of Conduct, before consequences or punishment are imposed, it must be considered whether the student has a disability evidenced by evaluation documents current or pending. While all students may be disciplined, it is unjust to punish a child when the offense is directly related to his disability or when the IEP is not implemented. Disciplinary actions give students with disabilities extra legal protections when the discipline constitutes a change in placement.

A "change in placement" is a legal term that applies to the following situations:

- the removal is for more than ten (10) consecutive days; and
- the student has been subjected to a series of suspensions that constitute a pattern.

If the offense and subsequent suspensions do not exceed ten (10) consecutive days nor constitute a pattern or suspensions using the Documentation of Pattern planning form, then it is not a change in placement and the student may be subject to the same consequence that school applies to all students who violate the Code of Student Conduct.

If the offense is a change in placement, the school team (including the parent or guardian) must hold a Manifestation Determination Review meeting within ten (10) days of the decision to remove the student to determine two issues:

- was the student's misconduct caused by or directly and substantially related to the student's disability; or
- was the student's misconduct directly result of the school's failure to follow the child's IEP?

The parent/guardian must be provided a copy of the Special Education Procedural safeguards. If the team answers yes to either question, then the student's behavior is a manifestation of his or her disability. The student may not be suspended, expelled, or transferred to a remedial disciplinary school as a punishment for misbehavior. The team must conduct a functional behavioral assessment and create a behavior plan, addressing ways that the school can help a student with the conduct at issue. If the student already has a behavior plan, the plan must be reviewed and modified to address how the school can better assist the student with the conduct at issue.

If all team members agree that the student's conduct was not a manifestation of his disability, then the student may be subject to the same consequences as all students. However, during the period of expulsion or transfer to an alternative placement or remedial disciplinary setting, the student must continue to receive special education services prescribed by his IEP and a Behavior Plan must be created or revised to address the offending conduct. If a student

- possesses illegal drugs;
- is selling prescription drugs;
- carries a weapon; or
- causes serious bodily injury to another

either at school or during a school related activity, the school may immediately remove the student for up to forty-five (45) school days to an alternative or remedial disciplinary setting, as drugs, weapons, and serious bodily injury are so dangerous to a safe school, regardless of whether a child has a disability or even if the team believes that the behavior is a manifestation of the student's disability.

To comply with the law, a 45-school-day emergency removal for serious bodily injury must be serious, i.e., requiring medical treatment. During the forty-five (45) school-day period, the school must convene a manifestation determination meeting. If the school determines that the conduct is a manifestation, the school may have the child reevaluated, create or revise an existing behavior plan, or hold an IEP meeting to consider a more intensive special education placement upon the expiration of the 45-day alternative placement or sooner. If all team members determine that the conduct was not a manifestation of the student's disability, then the 45-school-day emergency placement may proceed to a disciplinary proceeding afforded to all students.

If the parent disagrees with the team's decision that the behavior was not a manifestation of the student's disability, the parent may request a due process hearing to challenge this finding. If the hearing officer agrees with the parent, the student will remain in the school where the offence was committed unless the parent and the school agree otherwise.

EMERGENCY HEARING FOR DANGEROUSNESS

If a school has solid reasons to believe that keeping the student in his current school is “substantially likely to result in injury to the child or others”, the school will consult with the Special Programs Director, who may request an emergency hearing to ask a Hearing Officer to transfer the student to an alternative setting for up to forty-five (45) school days. Dangerousness may exist even if there is no Code of Conduct violation. It is a consideration based on serious safety concerns for the student and/or the school community.

ONLINE WEBCAM ETIQUETTE

All computers provided to students should include a webcam. Eventually, MGLVA intends to increase the ability for all participants in a live, online session to collaborate with webcams enabled. While increased webcam exposure can enhance the collaborative and interactive nature of live instruction, it can also pose challenges with respect to proper webcam etiquette and disciplinary action based on webcam usage or misuse. Use of a webcam can be limited or prohibited at any time if proper webcam etiquette or behavior is not followed. The webcam should be used for educational purposes and academic collaboration only. The MGLVA student code of conduct policy applies to all webcam interactions. In addition to common sense etiquette, the following guidelines must also be followed.

DRESS CODE FOR INTERACTION ON WEBCAM

MGLVA will not interfere with the right of students and their parents to make decisions regarding their appearance, except when their choices interfere with the educational program of MGLVA. The Board authorizes the Head of School to establish a reasonable dress code to promote a safe and healthy school setting and enhance the educational environment. The Head of School is permitted to establish such dress code guidelines as are necessary to promote discipline, maintain order, secure the safety of students, and provide a healthy environment conducive to academic purposes. Such guidelines shall prohibit student dress practices that

1. present a hazard to the health or safety of the student or to others in the school;
2. materially interfere with schoolwork, create disorder, or disrupt the educational program;
3. cause excessive wear or damage to school property; and
4. prevent the student from achieving his/her educational objectives.

Clothing must be appropriate for a learning environment even when exhibited on a webcam.

The following should not be worn:

- distracting clothing
- revealing clothing
- clothing with content relative to drugs, alcohol, or any other controlled substance
- clothing with content relative to explicit language or inappropriate content, such as weapons
- gang attire
- costume masks

PLACEMENT OF WEBCAM

Efforts should be made to locate the webcam in an area that meets the following suggestions:

- limited background noise
- a quiet area without distractions

Webcams cannot be enabled without the student’s knowledge and can only be enabled for educational purposes. The student/parent has the option of disabling or covering the webcam, unless the webcam is legally required to be engaged and visible for attendance confirmation, course requirements, or other educational purposes. Certain courses will require face-to-face interaction via webcam. A student not wishing to engage on a webcam may seek an alternative by contacting the teacher, academic administrator, or designee.

BULLYING AND CYBERBULLYING POLICY

The Board of Directors of Michigan Great Lakes Virtual Academy has approved the following anti-bullying policy.

MICHIGAN STATE BOARD OF EDUCATION

Anti-Bullying Policy

Adopted by the MGLVA Board of Education on April 23, 2015

The Michigan Great Lakes Virtual Academy board of education recognizes that a school that is physically and emotionally safe and secure for all students promotes good citizenship, increases student attendance and engagement, and supports academic achievement. To protect the rights of all students and groups for a safe and secure learning environment, the board of education prohibits acts of bullying, harassment, and other forms of aggression and violence. Bullying or harassment, like other forms of aggressive and violent behaviors, interferes with both a school's ability to educate its students and a student's ability to learn. All administrators, faculty, staff, parents, volunteers, and students are expected to refuse to tolerate bullying and harassment and to demonstrate behavior that is respectful and civil. It is especially important for adults to model these behaviors (even when disciplining) in order to provide positive examples for student behavior.

"Bullying" or "harassment" is any gesture or written, verbal, graphic, or physical act (including electronically transmitted acts – i.e., cyberbullying, through the use of Internet, cell phone, personal digital assistant (PDA), computer, or wireless handheld device, currently in use or later developed and used by students) that is reasonably perceived as being dehumanizing, intimidating, hostile, humiliating, threatening, or otherwise likely to evoke fear of physical harm or emotional distress and may be motivated either by bias or prejudice based upon any actual or perceived characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity or expression; or a mental, physical, or sensory disability or impairment; or by any other distinguishing characteristic, or is based upon association with another person who has or is perceived to have any distinguishing characteristic. Bullying and harassment also include forms of retaliation against individuals who report or cooperate in an investigation under this policy. Such behaviors are considered to be bullying or harassment whether they take place on or off school property, at any school-sponsored function, or in a school vehicle or at any time or place where a child's imminent safety or over-all well-being may be at issue.

"Bullying" is conduct that meets all of the following criteria:

- is reasonably perceived as being dehumanizing, intimidating, hostile, humiliating, threatening, or otherwise likely to evoke fear of physical harm or emotional distress;
- is directed at one or more pupils;
- is conveyed through physical, verbal, technological, or emotional means;
- substantially interferes with educational opportunities, benefits, or programs of one or more pupils;
- adversely affects the ability of a pupil to participate in or benefit from the school district's or public school's educational programs or activities by placing the pupil in reasonable fear of physical harm or by causing emotional distress; and
- is based on a pupil's actual or perceived distinguishing characteristic (see above), or is based on an association with another person who has or is perceived to have any of these characteristics.

"Harassment" is conduct that meets all of the following criteria:

- is reasonably perceived as being dehumanizing, intimidating, hostile, humiliating, threatening, or otherwise likely to evoke fear of physical harm or emotional distress;
- is directed at one or more pupils;
- is conveyed through physical, verbal, technological, or emotional means;
- substantially interferes with educational opportunities, benefits, or programs of one or more pupils;
- adversely affects the ability of a pupil to participate in or benefit from the school district's or public school's educational programs or activities because the conduct, as reasonably perceived by the pupil, is so severe, pervasive, and objectively offensive as to have this effect; and the conduct, a
- is based on a pupil's actual or perceived distinguishing characteristic (see above), or is based on an association with another person who has or is perceived to have any of these characteristics.

The scope of this policy includes the prohibition of every form of bullying, harassment, and cyberbullying/harassment, whether in the classroom, on school premises, immediately adjacent to school premises, when a student is traveling to or from school (portal to portal), or at a school-sponsored event, whether or not held on school premises. Bullying or harassment, including cyberbullying/harassment, that is not initiated at a location defined above is covered by this policy if the incident results in a potentially material or substantial disruption of the school learning environment for one or more students and/or the orderly day-to-day operations of any school or school program.

The Michigan Great Lakes Virtual Academy board of education expects students to conduct themselves in a manner in keeping with their levels of development, maturity, and demonstrated capabilities with a proper regard for the rights and welfare of other students, school staff, volunteers, and contractors.

The Michigan Great Lakes Virtual Academy board of education believes that a comprehensive health education curriculum, within a coordinated school health framework, helps students attain knowledge and skills vital to school success, a productive workforce and good citizenship. Critical skills include anticipating consequences of choices, making informed decisions, communicating effectively, resolving conflicts, and developing cultural competency.

The Michigan Great Lakes Virtual Academy board of education recognizes that in order to have the maximum impact, it is critical to provide a minimum of annual training on school policies and procedures regarding bullying and harassment for school employees and volunteers who have significant contact with pupils. Training will provide school employees with a clear understanding of their roles and responsibilities and the necessary skills to fulfill them.

The Michigan Great Lakes Virtual Academy board of education believes that standards for student behavior must be set through interaction among the students, parents and guardians, staff, and community members of the school district, producing an atmosphere that encourages students to grow in self-discipline and their ability to respect the rights of others. The development of this atmosphere requires respect for self and others, as well as for district and community property on the part of students, staff, parents, and community members.

The Michigan Great Lakes Virtual Academy board of education believes that the best discipline for aggressive behavior is designed to (1) support students in taking responsibility for their actions, (2) develop empathy, and (3) teach alternative ways to achieve the goals and solve the problems that motivated the aggressive behavior. Staff members who interact with students shall apply best practices designed to prevent discipline problems and encourage students' abilities to develop self-discipline and make better choices in the future.

Since bystander support of bullying and harassment can encourage these behaviors, the district prohibits both active and passive support for acts of harassment or bullying. The staff should encourage students not to be part of the problem; not to pass on the rumor or derogatory message; to walk away from these acts when they see them; to constructively attempt to stop them; to report them to the designated authority; and to reach out in friendship to the target. Periodic classroom meetings should be conducted to teach bystanders how and when to respond to bullying and harassment incidents. Informal classroom discussions and activities designed to provide awareness and increase student connectedness promote a positive shift in peer norms that will support empowered bystanders. When bystanders do report or cooperate in an investigation, they must be protected from retaliation with the same type of procedures used to respond to harassment.

The Michigan Great Lakes Virtual Academy board of education requires its school administrators to develop and implement procedures that ensure both the appropriate consequences and remedial responses to a student or staff member who commits one or more acts of bullying and harassment. The following factors, at a minimum, shall be given full consideration by school administrators in the development of the procedures for determining appropriate consequences and remedial measures for each act of harassment or bullying:

Factors for Determining Consequences

- Age, development, and maturity levels of the parties involved
- Degree of harm (physical and/or emotional distress)

- Surrounding circumstances
- Nature and severity of the behavior(s)
- Incidences of past or continuing pattern(s) of behavior
- Relationship between the parties involved
- Context in which the alleged incident(s) occurred

Note: In order to ensure students' perception of fair and impartial treatment, a student's academic or athletic status is not a legitimate factor for determining consequences. Consequences must be perceived as fair and impartial.

Factors for Determining Remedial Measures

- Personal
- Life skill competencies
- Experiential deficiencies
- Social relationships
- Strengths
- Talents
- Traits
- Interests
- Hobbies
- Extra-curricular activities
- Classroom participation
- Academic performance
- Environmental
- School culture
- School climate and lack of connectedness
- Student-staff relationships and staff behavior toward the student
- Level of consistency in staff responses to bullying or harassing behaviors
- Level of consistency in application or severity of consequences given to students
- Staff-staff relationships witnessed by students
- General staff management of classrooms and other educational environments
- Staff ability to prevent and de-escalate difficult or inflammatory situations
- Social-emotional and behavioral supports
- Social relationships
- Community activities
- Neighborhood culture
- Family situation
- Range and number of opportunities for student engagement, involvement, and recognition for achievement (beyond academics and athletics)

Consequences and appropriate remedial actions for a student or staff member who engages in one or more acts of bullying or harassment may range from positive behavioral interventions up to and including suspension or expulsion, in the case of a student, or suspension or termination in the case of an employee, as set forth in the board of education's approved code of student conduct or employee handbook. School employees will also be held accountable for bullying or harassing behavior directed toward school employees, volunteers, parents, or students. Consequences for a student who commits an act of bullying and harassment shall vary in method and severity according to the nature of the behavior, the developmental age of the student, and the student's history of problem behaviors and performance, and must be consistent with the board of education's approved code of student conduct. Remedial measures shall be designed to correct the problem behavior, prevent another occurrence of the behavior, and protect the victim of the act. Effective discipline should employ a school-wide approach to adopt a rubric of bullying offenses and the associated consequences. The consequences and remedial measures may include, but are not limited to, the examples listed below:

Examples of Consequences

- Admonishment
- Participation in a guided reflection process designed to teach alternative behavior
- Temporary removal from the classroom
- Loss of privileges
- Referral to disciplinarian
- Out-of-school suspension
- Legal action
- Expulsion or termination

Examples of Remedial Measures

- Strategies for Individual Behavioral Change
- Framing the aggressive behavior as a failed attempt to solve a real problem or reach a goal (The adult assists the misbehaving student to find a better way to solve the problem or meet the goal.)
- Restitution and restoration
- Transformative conferencing/restorative justice practices
- Supervised peer support group
- Corrective instruction or other relevant learning or service experience
- Supportive discipline to increase accountability for the bullying offense
- Supportive interventions, including participation of an Intervention and Referral Services team, peer mediation, etc.
- Behavioral assessment or evaluation, including, but not limited to, a referral to a Child Study team, as appropriate

- School and community surveys or other strategies for determining the conditions contributing to harassment, intimidation, or bullying
- Change process to improve school culture
- School climate improvement/improvement in conditions for learning and instructional pedagogy (incorporation of brain-compatible strategies)
- Adoption of research-based, systemic bullying prevention programs
- Modifications of schedules
- Learning coach/parent supervision during online sessions
- General professional development programs for certificated and noncertificated staff
- Professional development plans for staff in key disciplinary roles
- Disciplinary action for school staff who contributed to the problem
- Parent conferences
- Referral to family counseling
- Increased involvement of parent-teacher organizations
- Increased involvement of community-based organizations
- Increased opportunities for parental input and engagement in school initiatives and activities
- Development of a general bullying/harassment response plan
- Peer support groups
- Increase communication with and involvement of law enforcement (e.g., school resource officer, juvenile officer)
- Engage in community awareness events and planning sessions

The Michigan Great Lakes Virtual Academy board of education requires the principal and/or the principal's designee at each school to be responsible for receiving complaints alleging violations of this policy. All school employees are required to report alleged violations of this policy to the principal or the principal's designee. All other members of the school community, including students, parents, volunteers, and visitors, are encouraged to report any act that may be a violation of this policy. Reports may be made anonymously, but formal disciplinary action may not be based solely on the basis of an anonymous report.

The Michigan Great Lakes Virtual Academy board of education requires the principal and/or the principal's designee to be responsible for determining whether an alleged act constitutes a violation of this policy. In so doing, the principal and/or the principal's designee shall conduct a prompt, thorough, and complete investigation of each alleged incident. The investigation is to be completed within three (3) school days after a report or complaint is made. The parents of the students involved shall receive written notice from the school on the outcome of the investigation (in compliance with current privacy laws and regulations). All reports on instances of bullying and/or harassment must be recorded by the school for annual data review.

The Michigan Great Lakes Virtual Academy board of education prohibits reprisal or retaliation against any person who reports an act of bullying or harassment or cooperates in an investigation. The consequences and appropriate remedial action for a person who engages in reprisal or retaliation shall be determined by the administrator after consideration of the nature, severity, and circumstances of the act.

The Michigan Great Lakes Virtual Academy board of education prohibits any person from falsely accusing another as a means of bullying or harassment. The consequences and appropriate remedial action for a person found to have falsely accused another as a means of bullying or harassment may range from positive behavioral interventions up to and including suspension or expulsion. Consequences and appropriate remedial action for a school employee found to have falsely accused another as a means of bullying or harassment shall be in accordance with district policies, procedures, and agreements.

The Michigan Great Lakes Virtual Academy board of education requires school officials to annually disseminate the policy to all school staff, students, and parents, along with a statement explaining that it applies to all applicable acts of harassment and bullying that occur on school property, at school-sponsored functions, or on a school bus. The chief school administrator shall develop an annual process for discussing the school district policy on harassment and bullying with students and staff.

The school district shall incorporate information regarding the policy against harassment or bullying into each school employee training program and handbook.

Updated April 23, 2015, State Board of Education Model Anti-Bullying Policy

WHERE TO GO WITH QUESTIONS OR CONCERNS

Michigan Great Lakes Virtual Academy staff recognizes that life at school does not always run smoothly. As problems arise, school personnel and parents must collaborate to seek solutions. Michigan Great Lakes Virtual Academy staff also realizes that parents and students do not always know what to do or where to seek out answers. Parents often give up and become frustrated if problems remain unsolved. Please follow these procedures for general information or for assistance in resolving a problem:

Step 1: All concerns and issues should first be directed to the student's teacher. If a Michigan Great Lakes Virtual Academy teacher cannot resolve the issue (e.g., materials and computer issues) he or she directs the parent/responsible adult to the appropriate contact for assistance. The Michigan Great Lakes Virtual Academy teacher will monitor the concern to ensure resolution.

Step 2: If the issue or concern is about the Michigan Great Lakes Virtual Academy teacher, parents are advised to contact the Academic Administrator for that particular teacher (see School Directory).

Step 3: If the concern is not resolved at the teacher or lead teacher levels, parents/responsible adults are advised to contact the Head of School (see School Directory).

INFORMAL COMPLAINT PROCESS

Anyone may use informal procedures to report and resolve complaints of harassment, intimidation, or bullying. At the building level, programs may be established for receiving anonymous complaints. Such complaints must be appropriately investigated and handled consistent with due process requirements. Informal reports may be made to any staff member, although staff shall always inform complainants of their right to, and the process for, filing a formal complaint. Staff shall also direct potential complaints to an appropriate staff member who can explain the informal and formal complaint process and what a complainant can expect. Staff shall also inform an appropriate supervisor or designated staff person when they receive complaints of harassment, intimidation, or bullying, especially when the complaint is beyond their training to resolve or alleges serious misconduct.

Informal remedies include an opportunity for the complainant(s) to explain to the alleged perpetrator that the conduct is unwelcome, disruptive, or inappropriate either in writing or face-to-face; a statement from a staff member to the alleged perpetrator that the alleged conduct is not appropriate and could lead to discipline if proven or repeated; or a general public statement from an administrator reviewing the school harassment, intimidation, and bullying policy without identifying the complainant, parent, or guardian, or because Michigan Great Lakes Virtual Academy believes the complaint needs to be more thoroughly investigated.

FORMAL COMPLAINT PROCESS

Anyone may initiate a formal complaint of harassment, intimidation, or bullying, even if the informal complaint process is being utilized. Complainant(s) should not be promised confidentiality at the onset of an investigation. It cannot be predicted what will be discovered or what kind of hearing may result. Efforts will be made to increase the confidence and trust of the person making the complaint. Michigan Great Lakes Virtual Academy will fully implement the antiretaliation provisions of this policy to protect complainant(s) and witness(es). Student complainants and witnesses may have a parent or trusted adult with them, if requested, during any school initiated investigatory activities. The Head of School or designated compliance officer (hereinafter referred to as the compliance officer) may conclude that the school needs to conduct an investigation based on information in their possession, regardless of the complainant's interest in filing a formal complaint. The following process shall be followed:

1. All formal complaints shall be in writing. Formal complaints shall set forth the specific acts, conditions, or circumstances alleged to have occurred that may constitute harassment, intimidation, or bullying. The compliance officer may draft the complaint, based on the report of the complainant, for the complainant to review and sign.
2. Regardless of the complainant's interest in filing a formal complaint, the compliance officer may conclude that the district needs to draft a formal complaint based on the information in the officer's possession.
3. The compliance officer shall investigate all formal, written complaints of harassment, intimidation, or bullying, and other information in the compliance officer's possession that the officer believes requires further investigation.
4. When the investigation is completed, the compliance officer shall compile a full written report of the complaint and the result of the investigation. If the matter has not been resolved to the complainant's satisfaction, the superintendent shall take further action on the report.
5. The Head of School or designee, who is not the compliance officer, shall respond in writing to the complainant and the accused within thirty (30) days, stating that Michigan Great Lakes Virtual Academy intends to take corrective action; or that the investigation is incomplete to date and will be continuing; or that Michigan Great Lakes Virtual Academy does not have adequate evidence to conclude that bullying, harassment, or intimidation occurred.
6. Corrective measures deemed necessary will be instituted as quickly as possible, but in no event more than thirty (30) days after the Head of School's written response, unless the accused is appealing the imposition of discipline and the school is barred by due process considerations or a lawful order from imposing the discipline until the appeal process is concluded.
7. If a student remains aggrieved by the Head of School's designee's response, the student may pursue the complaint as one of discrimination pursuant to The Michigan Great Lakes Virtual Academy Grievance Policy.

Students will be provided with age-appropriate information on the recognition and prevention harassment, intimidation, or bullying, and their rights and responsibilities under this and other district policies and rule at student orientation sessions and on other appropriate occasions, which may include parents. Parents shall be provided with

copies of this policy and procedure and appropriate materials on the recognition and prevention of harassment, intimidation, and bullying.

GRIEVANCE/COMPLAINT POLICY

PARENT COMPLAINT RESPONSE/DUE PROCESS PROCEDURE

The Michigan Great Lakes Virtual Academy is interested in achieving and fostering student/family satisfaction. The following procedure ensures that student/family grievances are addressed fairly by the appropriate people in a timely manner. Michigan Great Lakes Virtual Academy prohibits discrimination against students/ families on the basis of disability, race, creed, color, gender, national origin, or religion.

The student and parent(s), custodian(s), or legal guardian(s) should address in writing any concern or grievance to the Head of School. The Head of School responds within ten (10) working days. If the concern or grievance is not resolved by the Head of School, the parent(s), guardian(s), or legal guardian(s) may, within ten (10) working days of the Head of School's response, request a meeting (via phone or in person) with the Head of School to discuss the concern or grievance. The meeting request must be in writing. The Head of School shall investigate and responds within ten (10) working days. If the family's concern is not resolved at the meeting with the Head of School, the family may file a complaint with the Michigan Great Lakes Virtual Academy Board of Trustees. The Michigan Great Lakes Virtual Academy governing body may address the complaint directly, or the family may file a complaint with the MI Secretary of Education (information can be found on the Michigan Department of Education website).

ATTENDANCE POLICY

The law in Michigan governing compulsory attendance requires a parent, legal guardian, or other person having control or charge of a child age six (6) to sixteen (16) to send the child to school during the entire school year, except under the limited circumstances specified in subsection (3) of MCL 380.1561.

Although the compulsory school attendance law does not apply to children under the age of six, a child who is at least five (5) years of age by September 1 of the school year and is a resident of a school district that provides kindergarten work is entitled to enroll in kindergarten (MCL 380.1147).

The state of Michigan sets guidelines for the maximum age of a student while enrolled in public education (high school). The details of these guidelines are given in the State School Aid Act (MCL 388.1606), specifically in Section 6. A summary of these requirements can be found at <http://mglvahs.weebly.com/overview-grades-and-credits.html>

MGLVA ENROLLMENT AND LOTTERY POLICY

The MGLVA Board of Directors have adopted an enrollment policy in accordance with Michigan law. MGLVA is a school of excellence that is a cyber school. MGLVA serves full-time students in grades K–12 who meet the requirements of the Michigan Revised School Code, MCL 380.556, and are residents of the State of Michigan or foreign exchange students. MGLVA does not charge tuition and does not discriminate in its pupil admissions policies or practices on the basis of intellectual or athletic ability, measures of achievement or aptitude, status as a student with a disability, or any other basis that would be illegal if used by a school for admission, including race, sex, sexual orientation, sexual (gender) identity, religion, national origin, color, height, weight, marital status, disability, veteran's status, genetic information, or any other protected class under federal and/or state law. Students must be a resident of the state of Michigan.

Admissions are open to students on a statewide basis. MGLVA shall give enrollment priority as follows:

- A sibling of a pupil enrolled in MGLVA; or
- A child of an employee or staff member of MGLVA

A lottery system, with a waiting list in chronological order, shall be maintained for admission of students when maximum enrollment is reached at the end of the two-week open enrollment period. Students applying for a grade/band level that is at capacity will be placed on a waiting list for that grade/band level. The MGLVA waiting list does not carry over from year to year. A compliant application to MGLVA shall be date-stamped if received after the open enrollment deadline.

No student may be denied participation in the application process due to a lack of student education records such as an IEP, CA 60 file, transcript, or similar student education records.

ATTENDANCE RESPONSIBILITIES

- Attendance is logged daily in the online school by parent/learning coach.
- Schedules may be blocked or flexible; however, attendance in each course needs to be logged daily for an average total of 6.5 hours.
- Extended family travel, except during normal school vacation periods, requires written notification and vacation contract approval by the Head of School or designee. This should be completed at least one week prior to the extended absence.
- All families must attend a parent orientation and the new students will complete the “Introduction to Online Learning” course via the online school, along with attending daily orientation sessions with their advisor during the first week of school.
- The family must maintain regular communication with the Michigan Great Lakes Virtual Academy teachers and staff.
- Students and parents/learning coaches must check their school email and phone messages daily. Return response should be within 24 hours or on the next business day.
- Students must attend all required Newrow live sessions for direct instruction as directed by their teachers.

REPORTING ABSENCES

If your child is unable to attend school at all (no class sessions, logins, or course work), please email our Attendance Line at mglvaattendance@mglva.org. Be sure to include your student’s name, ID number, date(s) of absence, and reason for absence.

Please email your teacher if your student will be absent and unable to attend ClassConnect or other live, online sessions so that they are aware of the absence.

EXCUSED ABSENCES

The school recognizes student illness, death in the family, prior permission to leave school by parents and administrator, approved family vacations, approved college visitations, required court appearance, religious observations, family emergencies, counseling, or administrative appointments to be excused. Remember that regardless of the absence reason, students are expected to make up work in the OLS/LMS.

UNEXCUSED ABSENCES

An unexcused absence is an absence not recognized by state law or Michigan Great Lakes Virtual Academy. Unexcused absences may result in loss of credit for assignments missed.

HABITUAL TRUANCY

A truant is defined as a student who is willfully absent from school without the knowledge and consent of the parent and school or absent from school when there is an attempt to evade the Michigan Compulsory Attendance Law. A “habitual truant” is defined as a student who is truant three (3) times during any semester. A truant absence is considered an unexcused absence.

CHRONIC ABSENTEEISM

Excessive absences adversely affect a student’s academic performance and relationship with the school. Students who amass excessive absences or have long periods of a lack of engagement will fall under the truancy policy and may be withdrawn from MGLVA. Anytime a student has missed five (5) consecutive days due to an illness, a doctor’s note will be required.

In Michigan, chronic absenteeism is defined as missing 10% or more of the school day (or 18 days or more in a 180 day/year calendar). A “missing” day of school occurs when a student does not attend class connect sessions or access and complete work within their online courses during an entire scheduled day of school per the school calendar. Truant or Chronically Absent students will be supported through the MTSS for Engagement process. Failure to improve attendance may lead to the student being considered for disciplinary action up to and including a filing/referral to the local county juvenile prosecutor or possible withdrawal from Michigan Great Lakes Virtual Academy.

INSTRUCTIONAL TIME

As specified in Section 101 of the State School Aid Act (MCL 388.1701), a local school district must provide each pupil with the required minimum number of days and the required minimum number of hours of pupil instruction in each school fiscal year. Further, Section 101(3)(b) of the State School Aid Act requires that all districts provide at least 180 days of instruction. Section 553a of the Michigan School Code requires a cyber school to schedule at least 1,098 hours of instruction during a school year and to ensure that each pupil participates in the program for at least 1,098 hours.

Instructional time can occur at any time during the day and on any day of the week. Instructional time must directly relate to lesson objectives that are aligned to the Michigan Grade Level Content Expectations (GLCE).

The following criteria are counted toward instructional time:

- Pupil attended a live lesson from the teacher;
- Pupil logged into a lesson or lesson activity and the login can be documented;
- Pupil and teacher engaged in a subject-oriented telephone conversation;
- There is documentation of an email dialogue between the pupil and teacher; and
- There is documentation of activity/work between the learning coach and pupil.

Simply logging into the online school without attending any ClassConnect sessions, spending time in courses working on assignments, and completing and turning in assignments, tests, or quizzes will count as an unexcused absence as it does not yield any instructional time.

PROCESS FOR ATTENDANCE MONITORING AND REPORTING

Students are required to follow the school calendar. Instructional time can be entered on any day (e.g., weekends, holidays, etc.). Students are expected to log into the OLS (K–5)/LMS (6–12) each scheduled school calendar day.

TRUANCY

A student will be considered truant after ten (10) days of unexcused absences or lack of engagement in the online school.

CHRONICALLY ABSENT

A student will be considered chronically absent when they have missed 10% or more of the scheduled school days per the school calendar.

The school employs the following steps in addressing and supporting nonattending/disengaged students:

- Sending an Attendance Matters email at three (3) days of no activity in the online school. (Activity is defined by completing work in the online school—i.e., turning in a complete assignment, test, or quiz—or attending a ClassConnect session.);
- Conducting teacher outreach by phone (with possible email follow up if necessary) at three (3) consecutive days of absence;
- Making phone calls and sending emails to families at five (5) cumulative days of no activity in the online school;
- Sending Truancy/Chronic Absenteeism warning email at seven (7) days of no activity, as well as referral to our Student Attendance Specialist/Truancy officer;
- Attending Learning Coach Attendance Course Sessions when a student has seven (7) or more cumulative absences/no activity days;
- Making follow-up phone calls from advisors and our Student Attendance Specialist at 7–10 days of no activity;
- At seven (7) days of nonattendance, families are required to attend a virtual Truancy Prevention ClassConnect Session with our MGLVA Family Compliance Liaison/Truancy Officer;
- Sending certified letters to families at ten (10) cumulative days of no attendance, requesting school attendance meeting or conference call with parents and signing of Action Plan/Attendance Agreement;
- Conducting home visits to families at over ten (10) days of no attendance when applicable;
- Informing the truancy officer for the ISD of where the student resides (the truancy officer may or may not follow up with the family);
- Requesting the local county prosecutor or ISD file for truancy when the student has fifteen (15) consecutive absences and/or is chronically absent with missing 10% or more of the school year with no response or progress to improve attendance; and
- Informing the family via certified mail that the student is considered withdrawn at fifteen (15) or more days of no attendance/activity in the online school. When a family does not respond, given all of the above-mentioned steps, it implies withdrawal.

In addition to the steps listed above, MGLVA is committed to being proactive in attendance monitoring and improvement. Beginning in SY 2020–2021, bimonthly parental sessions on Attendance in the Online School and Attendance Effects on Student Academic Outcomes were held for all MGLVA families, along with monthly Attendance Awareness emails being sent to families.

DOCTOR/MEDICAL EXCUSES

Students must present a doctor's note when they are absent from school for three (3) or more days consecutively due to illness. Parents should send the doctor's note to the assigned teacher through email.

EXTENDED LEAVE OF ABSENCE

MGLVA understands that there are many reasons why students attend our school. There are times throughout the school year where those reasons would prevent a student from attending class for an extended period of time. An extended period of time is defined as more than three (3) consecutive school days. If a student finds themselves in need of an extended absence, please request an Extended Leave of Absence form from the school office. A Family Support Liaison will be put in place to help the family work with the teachers and to help the student stay on track.

EXCUSE NOTES FOR ABSENCE

In order for an absence to be registered as excused, a parent or guardian must submit a written explanation to the school attendance email: mglvaattendance@mglva.org. Excuse notes or emails must state the student's name, the date of the absence, and the reason for the absence. The parent or guardian has three (3) calendar days from the date of absence to submit the excuse through email.

EDUCATIONAL LEAVE

Pupils may be excused for educational trips not sponsored by the school according to the Michigan School Code. Please understand that it shall be the family's responsibility to contact the teacher(s) to determine what obligations must be met as a result of this proposed absence. Further understand that:

- no more than ten (10) days of absence will result;
- no absence will occur in the last ten (10) days of the school year;
- experiences such as long weekends and vacations will not justify any request;
- request must be submitted and approved 24 hours prior to the trip; and
- requests will not be approved for time off during the state testing window.

NO INTERNET ACCESS OR POWER OUTAGE

Students who are unable to log into school or have a power outage must have an alternative plan to go to a public library/public location with computer access to do their schoolwork. If the student does not have a back-up plan and cannot go to the library, the student must notify his or her teacher in order to legitimize the reason for the absence. If no notification, the absence will be considered unexcused.

TESTING ATTENDANCE POLICY

Michigan Great Lakes Virtual Academy, a Michigan public school, must follow the laws set by the Michigan Department of Education. According to MDE, all students in grades 3–8 and 11 are required to participate in state testing. Being a part of Michigan Great Lakes Virtual Academy means that some travel will be required for testing. Travel includes going to and from testing locations.

In June 2014, the Michigan Legislature required the Michigan Department of Education (MDE) to develop a new test for spring 2015, creating a need to reduce a normal three-year test development process to nine months. We have been working hard to accomplish this and are excited to announce our new assessment system called the Michigan Student Test of Educational Progress (M-STEP) and PSAT/SAT.

The M-STEP includes summative assessments designed to measure student growth effectively for today's students. English language arts and mathematics are assessed in grades 3–8, science in grades 4 and 7, and social studies in grades 5 and 8. It also includes the Michigan Merit Examination in 11th grade, which consists of a college entrance exam, work skills assessment, and M-STEP summative assessments in English language arts, mathematics, science, and social studies. Students in grade 8–10 are required to take the PSAT assessment and students in grade 11, and eligible 12th graders are required by the state of Michigan to take the SAT and WorkKeys assessments.

STANDARDIZED TESTING ATTENDANCE

Testing will be conducted at a variety of sites around the state. Efforts will be made to locate a testing site within an hour of your home. In certain cases, it may be necessary to travel longer than an hour. These tests are given over a multiday period depending on a student’s grade level. The below calendar shows the testing windows for Spring 2025.

The school cannot guarantee that the student’s assigned teacher will be the test proctor. The school does attempt to assign teachers to testing sites where many of their students will be participating.

Students in grades 8–12 will have photos collected for State Photo identification at testing sites. No photos will be used by MGLVA or Stride K12 without the parent or guardian’s consent.

ATTENDANCE FAQS

Q: When can I log attendance?

A: You are able to log attendance from your first day of school until the last day of school.

Q: Where do I need to log my child’s attendance and how often?

A: Student attendance hours are logged in the attendance screen on the parent’s OLS and must be entered daily.

Q: Why should I log attendance?

A: In addition to meeting the legal attendance requirements for Michigan Great Lakes Virtual Academy and the Michigan School Code, logging attendance provides you and your child with a log of the work accomplished.

Q: What are supplemental hours?

A: Provided that the child first completes the STRIDE K12 coursework, attendance time may be logged if the child engaged in activities related to the course objectives. Contact your teacher before entering supplemental attendance time to ensure the additional activity you wish to include satisfies course objectives.

Q: What should I do if I forgot to log my child's supplemental hours?

A: You can go back to add hours after initially entering attendance. If you have already entered hours for the specified day and clicked the "submit" button, your teacher must add the hours for you. Contact your teacher for assistance in entering your supplemental hours.

Q: How many hours should my child log if he or she enrolled after the start of school?

A: Hours are prorated based on a student's start date. Students who start after the first day of school should follow the daily or weekly attendance guidelines outlined in the Instructional Time section of this handbook. Your teacher will also provide you with a prorated schedule.

Q: Do I log attendance for the actual time the lesson took or just the default time that comes up on the OLS?

A: You must log the actual amount of time it took for the student to complete the lesson(s) each day. If you consistently observe your student completing lessons before he or she accumulates the required amount of time, you may benefit from setting a time limit to each subject, rather than just expecting one lesson per day.

CONFIDENTIALITY

Every effort is made to maintain the confidentiality of students who attend Michigan Great Lakes Virtual Academy. Parent permission is required for a student's name or picture to be displayed in a public manner. Confidential student information is encrypted before being transferred over the Internet. The encrypted information can only be decrypted by another party authorized by Michigan Great Lakes Virtual Academy. Student files are accessible only to authorized employees of Michigan Great Lakes Virtual Academy who have an interest in the education of its students. Adults and students should not share their STRIDE K12 Online School (OLS) username and password with any unauthorized individuals.

Whenever a parent or teacher believes the security of the OLS has been compromised, the parent can use the tools provided in the OLS to change usernames and passwords. Parents are advised to avoid using personal information in e-mails. Using the child's first initial rather than full name is preferred.

HEALTH POLICY

All students must comply with the requirements of the State Immunization Code. The only exemptions to the school laws for immunizations are for medical reasons or religious beliefs. Medical Exemptions must be submitted in writing and must be signed by the child's physician. Religious exemptions must be submitted in writing and must be signed by a parent/guardian. Immunization records must be delivered to the school prior to acceptance for enrollment. Parents should request their child's health records from the previous school prior to starting school at Michigan Great Lakes Virtual Academy. Please contact the Michigan Great Lakes Virtual Academy office with any questions regarding health requirements.

REPORTING MEDICAL NEEDS OR ACCESS TO MEDICATIONS FOR ONSITE EVENTS

Please see Use of Medication in MGLVA Board Policy Manual at <https://mglva.k12.com/about-our-school/board-of-directors.html>

HEALTH FORMS/PERMISSION SLIPS

Authorization for medication to be taken at school must be completed by the legal guardian and turned in to the homeroom teacher.

AUTHORIZATION FOR MEDICATION

CHILDCARE

MGLVA does not provide childcare.

MCKINNEY-VENTO ACT

The McKinney Act of 1987, or P.L. 100-77, ensures that each child of a homeless individual, and each homeless youth shall have equal access to the same free, appropriate public education as provided to other children and youth. The act has been amended and is considered the McKinney-Vento Act currently. Under the act, schools are prohibited from delaying a homeless child's entry into school due to delays in obtaining school records. Rules regarding guardianship must be waived for homeless students living with foster parents or relatives other than their legal guardians. Individuals who would be considered McKinney-Vento students would be in housing temporarily and due to hardship, the housing is substandard or considered inadequate or a student is not living with a parent or guardian. If you feel you may be eligible for services or would like to review the MGLVA's Admission of Homeless Children and Youth policy, please contact our Homeless Liaison, Rochelle Jefferson, at rjefferson@mglva.org (MGLVA Homeless Liaison), telephone 231-794-5999, ext. 3220.

PHYSICAL EDUCATION

Michigan Great Lakes Virtual Academy recognizes the important role of Physical Education in the education of our students. Michigan Grade Level Content Expectations (GLCE) for Physical Education recommends 30 minutes of PE each day.

Parents/guardians are an integral member of the student's educational team. The in-home nature of the "cyber-school model" requires parents to assume the primary responsibility for the implementation of physical education activities. Teachers will provide the learning coach with resources and information concerning the Physical Education GLCE. Students and learning coach can complete a log of hours and activities to match the GLCE and submit it to the teacher for verification. Students should receive an average of 150 minutes of physical education per week. Physical Education requirements for Special Education students should be aligned in conjunction with the prescription outlined in the child's IEP.

ACADEMIC PACING

In grades K–7, within the Michigan Great Lakes Virtual Academy program, every child progresses through the curriculum at his or her own pace. Decisions to advance in a course level are made jointly by the parent and teacher at any time of the year. Advancement of a student from one course level to the next requires the approval of the Michigan Great Lakes Virtual Academy administration. Every lesson is presented independently to each child at his or her own ability level. Students are required to master the course objectives before advancing to the next course level. This approach results in a solid foundation of core knowledge essential for success in the next subject level.

Although the program is self-paced and individualized, students are required to progress and to achieve one grade level per school year as specified by state law.

CHANGE OF HOME ADDRESS

In the event you change addresses after initial enrollment, please send an email to the school office verifying the updated address. Be sure to include the names of all children associated with your household. You are to include the following in your email:

- previous address and new address (Required)
- new phone if applicable
- effective date of address change (Required)
- proof of residency

In addition to the email, you are required to submit the following documents to our office within ten (10) days of receipt of this letter. Please be advised, the documents are state mandated for all enrolled students. Failure to submit the documents will cause your child to be out of compliance with state requirements.

Change of Data Form (Complete and sign the form and submit one per child.)

Proof of Residence (Please see below for acceptable documentation of residency.) Submit ONE of the following:

- valid driver's license
- valid nondriver's license
- current utility bill (gas, water, electric, sewage, cable, and land line phone)
- current mortgage statement
- current residency card
- deed, vehicle registration
- property tax bill
- current credit card bill

WITHDRAWING FROM MICHIGAN GREAT LAKES VIRTUAL ACADEMY

Parents wishing to withdraw their children from the Michigan Great Lakes Virtual Academy must contact their teacher and complete a withdrawal form in order to fully process the withdrawal. The teacher will notify school officials of their decision. The Director of Operations or designee will confirm withdrawal date once the form has been received and arrange for the return of all school equipment and materials. Failure to return all school equipment and materials in satisfactory condition may result in a collections action.

SUPPLEMENTAL ACTIVITIES

Parents seek to provide a fuller education for their child by enriching their child's curriculum with extra activities and family trips. These activities may be logged into the student's daily schedule and counted toward his or her mandatory hours of instruction if the activity directly relates to lesson objectives. It is necessary that the learning coach first discuss their supplemental activities with their students' assigned Michigan Great Lakes Virtual Academy teachers. This discussion must be before notifying the teachers of the hours that will be logged. This ensures that the supplemental activities are recorded in the appropriate area(s) of the curriculum. Michigan Great Lakes Virtual Academy invites students to participate in face-to-face classes with the Manistee Area Public Schools. Classes are held on Fridays and Ski Classes are held Thursdays throughout the winter. Parents are responsible for transportation for their students, but courses are offered to students at no cost.

USE OF SCHOOL PROPERTY

Michigan Great Lakes Virtual Academy provides materials, computer, printer, books and other curricular supplies. All provided materials are school property and must be kept in good condition. Parents are responsible for the repair or replacement of all lost, stolen or damaged school property. A list of property that must be returned is provided to parents. All property and equipment must be returned in good, working condition upon withdrawal from the program. All printed materials are copyrighted. Unauthorized copying of those materials is a copyright infringement. Materials cannot be sold or transferred. Materials are to be used solely by the student in his or her studies while enrolled in the school. Parents are to comply with this policy and all the terms and conditions of the Use of Instructional Property Agreement submitted with the enrollment materials.

OBJECTIONABLE CONTENT POLICY

There may be times a parent considers certain lessons, books or materials objectionable for various reasons. The following process is used if a parent finds material objectionable; he or she should contact his or her Michigan Great Lakes Virtual Academy teacher via school email. Teachers will work with parents to find alternative lessons to meet the lesson objectives. An assessment for the lesson must be completed to show that the objectives have been met.

STUDENT RECORDS

Student records are maintained at the Michigan Great Lakes Virtual Academy office. The Michigan Great Lakes Virtual Academy provides parents with access to the academic records of their children. The access rights of parents consist of the following:

- the right to inspect and review the contents of educational records;
- the right to obtain one copy of the education records at no charge, and additional copies, if requested, at a charge. These will be stamped as unofficial;
- the right to receive from school personnel an explanation and interpretation of the educational records;
- the right to a hearing to challenge the contents of the educational records; and
- the right to bring an attorney or parent advocate to review educational records.

A parent seeking access to the educational records may make a request by telephone or in person to the Head of School or designee. However, prior to reviewing and inspecting the educational records, a parent must sign an official request form. Access to educational records is granted within forty-five (45) days of the receipt of the written request.

After examining their child's educational record, parents may request a hearing to challenge the contents of the record. The purpose of the hearing is to establish the accuracy of the record. At an informal meeting between the parents and the Site Administrator or designee, an attempt is made to answer any questions raised by the parents. If the questions are not resolved, a formal hearing is conducted in the office of the Head of School.

In general, the school may not permit access to, nor release of, educational records to third parties without the consent of the child's parents or guardians. However, educational records may be released without the consent of parents to another public-school system into which a pupil transfers. Pupil directory information, which includes the pupil's name, address, date, and place of birth; photographic likeness; major field of study; dates of attendance; degrees and awards received; and participation in officially recognized activities and sports may be released without the consent of the parents unless the school is notified annually by the parents not to release the information without their prior written consent. State law provides that the following additional conditions will apply regarding the educational records of special needs students:

- If you have asked to see your child's records, you must be allowed to do so prior to a conference regarding an individualized education program and prior to a hearing regarding the identification, evaluation, or placement of your child; and
- You may designate another person to examine your child's records, if you wish to have further advice. You may ask for a list of the types and locations of the records kept about your child.

The Michigan Great Lakes Virtual Academy has a schedule for the destruction of Special Education records of students who have been out of the program for at least five years. You will be sent a notice by mail at a time shortly before the student's records would be destroyed and advised of your right to obtain them for your own use or the student's use. It is your responsibility to provide the school with your current address so that you will receive the notification. You should do so by sending your address, the student's name, and birth date to Michigan Great Lakes Virtual Academy.

Parents/legal guardians may contact the office to obtain a copy of student records. A copying fee may be assessed. If parents/responsible adults change their address, telephone, email address, or place of employment, they are asked to notify their children's teachers immediately. Parents are responsible for keeping contact information current within the account setup section of the OLS.

Michigan Great Lakes Virtual Academy provides most curriculum items needed to participate in school. There are times when household and consumable items are needed to complete a lesson. Be sure to use the Advanced Planning feature through the Online School to assist with upcoming lessons requiring certain materials. A suggested school supply list is provided by the teacher at the beginning of the school year. Additionally, some elective high school courses may have specific hard/software requirements. Refer to the High School Course Catalog for details and planning.

PRINTER INK USAGE GUIDELINES

Printer ink is expected to be used sparingly and only for school needs. We encourage families to use the student pages instead of printing. Michigan Great Lakes Virtual Academy does not provide printer ink cartridges or refills. Refills are the responsibility of the family. In order to conserve ink, it is recommended that your printer is set to always print in fast draft mode. Follow these steps to set your printer for fast draft mode:

- Right click on your printer name;
- Scroll down to Properties;
- Click on the Advanced tab;

FAMILY EDUCATION RIGHTS AND PRIVACY ACT (FERPA) AND DATA PRIVACY

Michigan Great Lakes Virtual Academy maintains records concerning all children enrolled, including students with disabilities. Records containing personally identifiable information about or related to children with disabilities could include, but are not limited to, cumulative grade reports, discipline records, enrollment and attendance records, health records, individualized education programs, notices of recommended assignment, notices of intent to evaluate and to reevaluate, comprehensive evaluation reports, other evaluation reports by public school staff and by outside evaluators, work samples, test data, data entered into the Penn Data system, correspondence between school staff and home, instructional support team documents, referral data, memoranda, and other education-related documents. Records can be maintained electronically, on paper, microfiche, audio, and videotape.

Records can be located in the central administrative offices of the Michigan Great Lakes Virtual Academy, electronic storage systems and in the secure possession of teachers, school administrators, specialists, psychologists, counselors, and other school staff with a legitimate educational interest in the information contained therein. All records are maintained in the strictest confidentiality.

Records are maintained as long as they remain educationally relevant. The purposes of collecting and maintaining records are:

- to ensure that the child receives programs and services consistent with his or her IEP;
- to monitor the ongoing effectiveness of programming for the child;
- to document for the public school and the parents that the student is making meaningful progress;
- to satisfy the requirements of state and federal agencies who have an interest in inspecting or reviewing documents concerning particular students or groups of students for purposes of compliance monitoring, complaint investigation, and fiscal and program audits; and
- to inform future programming for and evaluations of the child. When educational records, other than those which must be maintained, are no longer educationally relevant, the public school must notify the parents in writing and may destroy the records or, at the request of the parents, must destroy them. Public schools are not required to destroy records that are no longer educationally relevant unless the parent requests in writing.

When educational records, other than those required, are no longer educationally relevant, the public school shall notify parents in writing and may destroy records or, at the request of the parents, may destroy said records. Public schools are not required to destroy records that are no longer educationally relevant unless the parent requests in writing.

The Family Educational Rights and Privacy Act (FERPA), affords parents and students over 18 years of age (“eligible student”) certain rights with respect to the student’s educational records, as follows:

- the right to inspect and to review the student’s educational records within 45 days of the date Michigan Great Lakes Virtual Academy receives a request for access;
- the right to request the amendment of the student’s education records that the parent or eligible student believes is inaccurate or misleading;
- the right to consent to disclosure of personal information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent;
- the right to file a complaint with the U.S. Department of Education concerning alleged failures by Michigan Great Lakes Virtual Academy to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is

**Family Policy Compliance Office
U.S. Department of Education
600 Independence Avenue, SW
Washington, DC 20202-4605**

Parents or eligible students (age 18 and above) may ask Michigan Great Lakes Virtual Academy to amend a record that they believe is inaccurate or misleading. They should write the school administrator, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.

If Michigan Great Lakes Virtual Academy decides to not amend the record as requested by the parent or eligible student, notice will be given to the parent or eligible student of the decision. Information will be given advising him or her of the right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be included to the parent or eligible student when they are notified of the right to a hearing. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by Michigan Great Lakes Virtual Academy as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom Michigan Great Lakes Virtual Academy has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record to fulfill his or her professional responsibility. Upon request, Michigan Great Lakes Virtual Academy discloses education records without consent to officials of another school in which a student seeks or intends to enroll. (**Note:** FERPA requires a school district to make a reasonable attempt to notify the student of the records request unless it states in its annual notification that it intends to forward records on request.)

ADVANCED LEARNERS PROGRAM

The Advanced Learners Program (ALP) is a supplemental enrichment program for K–8 students who are one or more grade levels ahead of their age-appropriate grade level in a core subject, have been identified as gifted through a previous program, and/or are recommended to the program by their teacher or parents. Students in the ALP are supported with accelerated course planning, topic enrichment, and other activities and instructional strategies that include invitations to National Learning Circles. Participants in the ALP are expected to maintain adequate progress and achievement. If you feel that your child would benefit from the program, contact your teacher for more information.

AT-RISK PROGRAM

Michigan Great Lakes Virtual Academy supports the academic achievement of all students, particularly those most at risk. It is a priority to build strong parent/teacher/student relationships and address the specific needs of individual students. The At-Risk Program at Michigan Great Lakes Virtual Academy uses an early intervention process to identify and to serve struggling students. This process includes parents, teachers, and administrators. It uses a multitier model of service delivery, problem-solving methods to make decisions, and research-based, scientifically validated interventions/instruction.

If a teacher identifies an area of weakness for any student and prescribes intervention strategies and activities supplementing daily curriculum, it is expected that the student would follow the prescribed plan which could include mandatory Newrow sessions. Attendance is expected and student participation required. Additional assignments may be requested, but if a student does not participate, he or she will be subjected to the attendance policy.

COUNSELING OPPORTUNITIES

Michigan Great Lakes Virtual Academy will provide all students with a developmentally appropriate comprehensive school counseling program. The school counseling program guides students through a systematic approach to developing the academic, personal/social, and career skills of each student. Michigan Great Lakes Virtual Academy will use a combination of curriculum, web-based tools, and strategies that have demonstrated success. The school counseling program is a key piece of school’s mission to make all students college- and career-ready as they prepare for the complex demands of the 21st century.

Michigan Great Lakes Virtual Academy will offer the following components to support our comprehensive school counseling program:

- career assessment, exploration, and skills development;
- individual and group counseling services for all students on personal/social issues;
- study skills as determined by needs assessment;
- developmental guidance curriculum to promote the academic success and personal growth of every student;
- parental outreach, education, and support services facilitating community resources and referral programs;
- individualized academic advisement and graduation planning, ensuring all students’ graduation on time with the most rigorous course selection; and
- college and postsecondary education counseling and web tools that guide students through the preparation, selection, application, and admissions processes.

SPECIAL EDUCATION SERVICES

Michigan Great Lakes Virtual Academy’s Special Education program meets the individual needs of students by using specially designed instruction with a standards-based curriculum in the virtual environment. Frequent assessment of

student progress is necessary. We deliver special education programming and related services to Michigan Great Lakes Virtual Academy students at no cost to the parent or guardian. Students with disabilities needing special education must receive a free appropriate public education (FAPE). These services conform to the student's Individual Education Program (IEP).

IDEA

The 2007 Amendments to the Individuals with Disabilities Education Act (IDEA) mandate that every school district in the country develop a system to identify children (from birth through age 21) with disabilities, who live in that specific district. Michigan Great Lakes Virtual Academy will make a concerted effort to identify, to locate, and to evaluate children through 21 years of age who enroll in Michigan Great Lakes Virtual Academy and have a confirmed or suspected disability, in accordance with all federal regulations and state standards. In addition, it shall be the policy of Michigan Great Lakes Virtual Academy that children with disabilities, as well as their parents/guardians, shall be provided with safeguards as required by law, throughout the identification, evaluation, and placement process and to provide these children with a free, appropriate, public education.

SPECIAL EDUCATION SCREENING

Michigan Great Lakes Virtual Academy screens and evaluates children to determine eligibility for special education and related services. We undertake screening activities before referring most children for a multidisciplinary team evaluation. Screening activities consist of the following:

- ongoing analysis of the child's response to instruction and performance on statewide and districtwide assessments;
- periodic vision and hearing assessments by the school nurse and review of the results of physical examinations by school or private physicians as mandated by the Michigan Public School Code; and
- baseline assessment and analysis of the child's response to individualized academic or behavioral intervention over an extended period. Such intervention-based screening occurs when requested by the child's teacher, parents, or other concerned school personnel.

For information about the dates of various screening activities by Michigan Great Lakes Virtual Academy, please contact the school directly. Parents of preschool-age children (ages three through five) may obtain information about screening activities or may request a screening of their children by calling or writing their local School District, Early Intervention Services.

MULTITIERED SYSTEM OF SUPPORTS/RESPONSE TO INTERVENTION (MTSS/RTI)

MTSS/RTI is a viable means to intervene prior to academic failure. Using MTSS/RTI, Michigan Great Lakes Virtual Academy can identify students at risk for poor learning outcomes, monitor student progress, and provide evidence-based interventions. These interventions can be adjusted as needed depending on a student's responsiveness.

Michigan Great Lakes Virtual Academy (MGLVA) will have a documented process for identifying "at-risk" students, built on Michigan's "responsiveness to intervention" and the multitiered system of supports (RTI/MTSS) framework. MGLVA stands ready to provide parents and students with the support they need to have a successful academic experience. MGLVA will implement a system of three tiers for providing interventions to help all students.

All students in MGLVA are a part of Tier I, with the general education teacher supporting the regular MGLVA/STRIDE K12 school curriculum in two ways:

- reviewing, recording, and analyzing STAR360 results and all state-mandated testing; and
- creating a differentiated Individual Learning Plan (ILP) for each student, based on their age-appropriate grade level and on curriculum placement levels.

For Tier II, the general education teacher and/or subject-specific specialists provide extra support and attention to students whose progress and test scores show gaps in skills acquisition. In Tier II, the general education teacher and/or subject-specific specialists begin a program of one to three research-based intervention strategies (best practices) and

documentation of these strategies over a six-week period, including at least four assessments. If a student responds to Tier II intervention strategies, the student can remain at this level of support or return to Tier I, when mastery of skills occurs.

If a student does not respond to Tier II, the student is referred for a Tier III Student Meeting, which is attended by members of the MTSS/RTI Committee. The MTSS/RTI Committee (which will meet biweekly) gives additional support to the teacher and the parent/guardian, implementing and reviewing additional, more intensive strategies for the student's specific needs. Depending on student response to more intensive interventions, a student may remain in Tier II (if he or she shows marked improvement) or may be referred for a meeting to determine if further diagnostic evaluations and possible Special Education services are warranted. Teachers at MGLVA will receive continuing professional development regarding MTSS/RTI and the role it plays in our school.

SERVICES BY DISABILITY

Special Education services are collaborative teamwork among the parent, teachers, and therapists to provide a systematic problem-solving approach for a quality education to each student. All members of the Michigan Great Lakes Virtual Academy school community believe that varied instructional practices and learning environments benefit all children.

Services by disability area are as follows:

- Autism Spectrum Disorder Visual Impairment
- Hearing Impairment
- Cognitive Impairment
- Severe Multiple Impairments
- Traumatic Brain Injury
- Emotional Impairment
- Physical Impairment
- Early Childhood Development Delays
- Specific Learning Disability
- Speech and Language Impairment Deaf-Blindness
- Other Health Impairments

COMMITMENT TO SERVE STUDENTS

Michigan Great Lakes Virtual Academy is committed to the full implementation of NCLB and IDEA. When students with special education needs are given the support necessary for success as outlined by their IEP, we believe they can achieve at the same high standards that are required for all students enrolled in our school. Therefore, we will ensure that our enrolled students with special education needs will have full access to those curricular offerings aligned to Michigan standards.

504 SERVICE PLAN

Under Section 504 of the Federal Rehabilitation Act of 1973, and under the Federal Americans with Disabilities Amendment Act, some school-age children with disabilities who do not meet the eligibility criteria may nevertheless be eligible for special protections and for adaptations and accommodations in instruction, facilities, and activities. Children are entitled to such protections, adaptations, and accommodations if they have a documented mental or physical disability that substantially limits or prohibits participation in, or access to, an aspect of the school program. For more detailed information regarding Section 504, please refer to the MGLVA 504 Procedures Manual.

STUDENT SUPPORT TEAM (FORMERLY FAST)

Michigan Great Lakes Virtual Academy is happy to provide a Student Support Team for our MGLVA students and families. Upon your enrollment at MGLVA, you will be contacted by your student's advisor. Beginning in SY 2019–2020, all students at MGLVA (K–12) will have a dedicated advisor as their point of contact for the school year. Our Community Engagement Specialist (CES) will also reach out upon your enrollment and entrance to MGLVA to facilitate our orientation dedicated to our Learning Coaches (LCs). This orientation is required, so please be sure to attend promptly for a successful school year. In addition, your student's advisor will facilitate daily short orientation sessions for students during their first week and beyond. These are designed to help support you and your student as you acclimate to the online environment and ensure you have a strong start with us here at MGLVA. This Student Support Team member will ensure you know the requirements of our program, how to navigate the various platforms, how to access your child's daily plan, how to log attendance, and how to participate in our online classrooms (Newrow) with the teachers and peers.

The Student Support Team is also here to support you throughout the school year as needs arise. If your student (or you as the LC) struggles throughout the year with engagement in the online environment, becomes truant, or experiences a life roadblock, your child's teacher or advisor may refer you to our support team for providing you with more intensive assistance so that your student can experience a successful school year. The Student Support Team and your child's advisor are simply an additional layer of support to provide wraparound support in conjunction with your teachers and other school personnel as applicable.

A referral to the second tier of the Student Support Team is not punitive; we are here to offer support to you and help you and your student have a successful school year. Working with a Student Support Team member, you will develop a Back on Track (BOT) plan individual to your needs, that will help facilitate this success. When working with your advisor with a BOT in place, your student is considered to be on a Tier 2 level, with the general school population being Tier 1. Your advisor, or other support team member, will work closely with you to monitor your progress and provide assistance and accountability, meeting with you via phone, online conference, email, etc., about once a week. ***Following the Back on Track plan, as well as meeting with your support team member or advisor weekly, is a requirement when at Tier 2.***

Should your student not complete the requirements of his/her BOT, your advisor/support team member will escalate your student to Tier 3, where a meeting with school administration will take place and withdrawal from MGLVA could become a real possibility. Please know it is the Student Support Team's purpose and goal to support you and your student and to provide assistance to foster your child's academic success.

STUDENT SUPPORT TEAM ROLES & RESPONSIBILITIES

Throughout the school year, you may be involved with several different Student Support Team members at MGLVA. Each role on the Student Support Team plays a vital part in the success of our school and families, and we are here to help support you in any way we can. The chart below highlights some of the roles and responsibilities of our Student Support Team members. Please reach out if you need that additional support layer throughout the school year; we are ready to help!

ACADEMIC PROGRAMS

THE ELEMENTARY PROGRAM (GRADES K–5)

The Elementary Program (Grades K–5): The Michigan Great Lakes Virtual Academy elementary teachers will maintain contact with students via telephone conferences, ClassConnect online lessons, face-to-face conferences, Michigan Great Lakes Virtual Academy gatherings, and during standardized testing participation. Through these contacts, the teacher will develop clear instructional learning goals for each student and monitor progress toward these goals throughout the school year.

As expected, students identified as “at-risk” will hold a higher priority of contact as determined by the teacher and the parent. Students with IEPs will also require more interaction. The regular and special education teachers will work in cooperation to ensure the increased interaction.

ACADEMIC ADVANCEMENT (GRADES K–5)

It is important to understand that the decision to advance a student to the next course or grade level is made jointly by the parent and teacher. The decision focuses on what is in the best interest of the child. Academic achievement through content mastery is the cornerstone of the Michigan Great Lakes Virtual Academy and the STRIDE K12 curriculum. Michigan Great Lakes Virtual Academy understands that children do not learn at the same rate or in the same manner. The program offers families flexibility in scheduling and instructional strategies. Michigan Great Lakes Virtual Academy focuses on mastery of lesson objectives, encouraging families and students to spend the time needed daily and throughout the year to reach mastery of most lesson objectives.

Michigan Great Lakes Virtual Academy allows students to advance to the next course level at any time of the year up to April 30. Parents and teachers evaluate every student's course level and grade level prior to the conclusion of the current school year. This evaluation does not affect course level changes, which can be made at any time up to April 30. Together, the Michigan Great Lakes Virtual Academy teacher and parent arrive at a decision on the advancement of the student. Advancement of a student from one course level to the next requires the approval of the Michigan Great Lakes Virtual Academy administration. Sufficient progress in all courses is expected before course level advancement in one area may be considered.

K-5 PROMOTION AND RETENTION

Throughout the school year, Michigan grade level standards will be measured for all Michigan Great Lakes Virtual Academy students in grade K–5. At the end of each quarter, a snapshot will be created for each student that outlines actual course progress and expected progress for that point in the school year. Learning goals will also be defined from student-teacher interaction along with results from local assessments, integral programs such as Study Island, work submissions, and STRIDE K12 Online School. The learning goals will be monitored for the entire school year. At the end of the second and fourth quarters, a more detailed report will be sent, including an update on proficiency in grade-level standards. For more information on Michigan State Standards, please go to <https://bit.ly/3jlck7i>

It is imperative that all students attend each scheduled individual teacher conference, participate in all local assessments—either face to face and/or Newrow, and attend testing (if applicable). As their progress is monitored, students may be asked to attend supplemental tutoring sessions for additional instructional support. These are integral tools for gathering information about individual strengths and weaknesses and monitoring ongoing progress to ensure student success. These measures also help in determining mastery levels, which will be reported on the student's progress reports. Promotion or retention for the next grade level will be determined as the cumulative results of the student's progress and achievement for the school year are analyzed at the end of the academic year.

Michigan Great Lakes Virtual Academy's goal is not to make all children alike, but to foster individual strengths and help each child develop to his or her fullest potential. Please note that if your child is receiving special education services, the learning goals that have been created and recorded on the students IEP for him/her will supersede this list of grade-level standards; however, assessment on grade-level standards may still occur.

ONLINE SCHOOL (OLS) PROGRESS

The STRIDE K12 curriculum is outstanding and helps students master state standards. Therefore, it is always recommended that students master all core lessons on the Online School. The goal will be 100% progress unless otherwise determined by the teacher.

Teachers will provide a list of assignments from the Online School that should be submitted directly to the teacher. This work will allow the teacher to give detailed feedback. It is important that students master and retain their work and not just work through assignments. If at any time it becomes clear that a student has not mastered work that is marked complete, the lessons may need to be completed again. In addition, students should have their own student account and should not have access to teacher guides or answer keys.

If a student's work ever shows evidence of intentional or unintentional academic dishonesty, the student lessons will be marked incomplete and the student must complete the work again. Any future instance of academic dishonesty will result in disciplinary action. Teachers will also meet with students individually in Newrow or by phone to assess mastery of content.

Communication with the student's teachers is another key to our unique partnership. Students who ask for assistance from their teachers have shown greater success in this type of virtual model. To assure that students are meeting mastery, each student and parent must be available to attend weekly and biweekly conferences set up by the teacher, as well as weekly homeroom meetings, and ClassConnect sessions. Students need to attend and to interact with their teachers and other students during these sessions. Experience has taught us that students who become actively engaged with their teachers and other students achieve at a higher level.

THE MIDDLE SCHOOL PROGRAM (GRADES 6–8)

The K–12 Online Middle School is an extension of the Online High School and is designed to empower, engage, and help students achieve even better academic results through

- school landing pages that provide a beautiful and welcoming experience;
- plans and to-do lists that help students stay on top of their schoolwork and activities;
- announcements that keep students, teachers, and learning coaches up to date and informed;
- powerful course management tools that allow teachers to tailor curriculum to best meet the unique needs of their students;
- increased independent learning & teacher interaction for middle-grade students; and
- reduction in time required from a Learning Coach.

At the center of the Michigan Great Lakes Virtual Academy Middle School program is the Michigan Great Lakes Virtual Academy student. In middle school, the focus begins to shift toward more independent learning for students.

Students are required to

- attend daily live class connect sessions;
- log in daily;
- communicate with teachers and other staff (school email, phone, etc.);
- follow the course calendar and announcements;
- complete assignments on (or before) due dates before the end of each day;
- spend 60–75 minutes in each course each day;
- read teacher feedback and use it to improve their work on future assignments; and
- communicate directly with the teacher when they have any questions or problems related to the curriculum.

The role of the parent or another responsible adult acting as a Learning Coach (LC) in the home is crucial to the success of most students. The Learning Coach can be a parent, guardian, or any adult who the parent/guardian establishes as a Learning Coach.

Learning Coaches are responsible for

- confirming and entering attendance daily;
- ensuring Internet connectivity;
- reporting/resolving of any technical issues (STRIDE K12 customer support: 866-512-2273);
- ensuring that students are completing required assignments daily and submitting assignments on time;
- assisting student with assignments, to the extent that they are comfortable doing so;
- ensuring that students take advantage of all the resources available to them to succeed in school; and
- communicating with Michigan Great Lakes Virtual Academy teachers when a concern or need arises.

MIDDLE SCHOOL GRADING POLICIES

Graded activities in the Michigan Great Lakes Virtual Academy middle school-level courses will be assigned points. A student's final grade will reflect the actual points earned, compared to the total points possible. Teachers will use these points to assign letter grades, according to our grading policies. Students and mentors can access the current grades for all courses by viewing their accounts in the LMS or the My Info area at any time during the semester.

Students are responsible for their own work on unit tests and quizzes. Students are not allowed to share work with other students on unit tests quizzes. Unless otherwise noted, tests and quizzes are not "open book" assignments. If a student does not complete his own work or shares his work with others on unit tests and/or quizzes, he/she will not receive credit for the work.

Students must cite sources in all assignments. Students risk not receiving credit for work that does not appropriately cite sources. If a student uses information from a source but does not cite the source, the student could receive a zero for that assignment and may be suspended or expelled from Michigan Great Lakes Virtual Academy.

MIDDLE SCHOOL ACADEMIC DISHONESTY POLICY

Academic integrity is highly valued at Michigan Great Lakes Virtual Academy. Incidents involving plagiarism and cheating are serious offenses that warrant immediate administrative attention. Students are required to submit original work. They are obligated to cite the sources of all references they use. See also Student Rights and Responsibilities Behavior Guidelines for additional information regarding this policy.

Non-citation infraction

- 1st incident = counseling on correct use of citations, zero on assignment with ability to redo;
- 2nd incident = grade of zero on assignment with the ability to redo, curriculum locked for 1 day;
- 3rd incident = standing grade of zero on assignment with administrative review, curriculum locked for 1 day:
Note that Turnitin.com is used to ensure that plagiarism does not occur within assignments.

MIDDLE SCHOOL GRADING SCALE

MIDDLE SCHOOL REPORT CARDS

Report cards are emailed to students and learning coaches after grades are finalized and report cards are made through our systems. If you need a copy of your report card, please reach out to your teacher or the main office and they can supply it to you.

ACADEMIC ADVANCEMENT IN THE MIDDLE SCHOOL

It is important to understand that the decision to advance a student to the next course or grade level is made jointly by the parent and teacher. The decision focuses on what is in the best interest of the child. Academic achievement through content mastery is the cornerstone of the Michigan Great Lakes Virtual Academy and the STRIDE K12 curriculum.

Michigan Great Lakes Virtual Academy understands children do not learn at the same rate or in the same manner.

Michigan Great Lakes Virtual Academy focuses on mastery of lesson objectives, encouraging families and students to spend the time needed daily and throughout the year to reach mastery of all grade-level standards.

Michigan Great Lakes Virtual Academy middle school, like the high school, is structured into semesters. Students can make up missing or late work throughout the semester, but at the end of each semester, there are strict deadlines so that teachers can finalize grades. Teacher-graded assignments such as projects, writing assignments, etc. are due two weeks prior to the semester's end. Exceptions are at the teacher's discretion.

THE HIGH SCHOOL PROGRAM (GRADES 9–12)

This section of the handbook is designed to help you to build and maintain your relationship with the Michigan Great Lakes Virtual Academy’s High School program. Michigan Great Lakes Virtual Academy is a public charter school. One of the key success factors of the High School Program is developing relationships between the school and the students’ support network. A critical component of this relationship is trust, which comes through the sharing of critical information, meaningful and regular communications, the setting of clear expectations, and living up to our mutual commitments.

SUMMARY OF HIGH SCHOOL MODEL

STRIDE K12 Inc. utilizes their Learning Management System (LMS) to provide the online school campus and courses. The school campus site features school announcements, messages from the administration, access to important documents, club and organization information, guidance counseling resources, and courses—all combined into one interactive and easy-to-use interface. The student calendar, which shows assignments and due dates for all courses in one easy-to-use tool, helps students to stay on focus in every course. Courses provide dedicated tools, such as a teacher syllabus and announcements, a Raise Your Hand area to ask course-related questions of their teachers, easy-to-use online assessments, and an electronic drop box for assignment submission. These all work together to provide a rich course experience for students.

Courses are delivered by semester. Year-long courses are comprised of two semesters. Courses consist of multiple units, lessons, and activities. Teachers may deliver lectures live or online, but most of the time, students work through expertly designed online lessons that allow students to follow their own personal daily schedules. They serve to instruct, to provide practice and exploration, and to assess student learning daily, based on a minimum pace and a schedule that fits each student. Teachers post announcements and indicate the lessons, activities, and assessments to be completed each week on the course calendar. All work assigned for a single week must be received on the dates indicated but may be accepted up until midnight of the Sunday of that week without penalty.

The Michigan Great Lakes Virtual Academy’s High School program is primarily asynchronous—students work according to their own individual daily schedules. Teachers provide asynchronous and synchronous live support. Course activities may include

- reading online text and transcripts;
- viewing moving and static images and streaming video;
- listening to audio recordings and pronunciations;
- linear and interactive animations and simulations;
- hands-on and virtual activities;
- threaded discussions with teachers and fellow students in a section, cohort, or group;
- teacher announcements;
- online self-check exercises; and
- teacher-created instructional materials.

Student learning will continue to benefit from close relationships among parents, students, advisors, teachers, and other support personnel. For students to achieve mastery of high school-level courses, the instructional component will rely heavily upon skilled subject-specific teachers who will serve as coaches and guides through a clearly defined, high-quality curriculum. Parents or caring adults (referred to as mentors) will still be crucial as motivators and coaches. However, students’ academic success in virtual high school will depend upon the student’s level of engagement with the curriculum and interactions with their teachers.

At the center of the Michigan Great Lakes Virtual Academy High School program is the Michigan Great Lakes Virtual Academy student. We currently provide the STRIDE K12 curriculum and services to students ninth through twelfth grade. Students are required:

- to attend daily sessions virtually and synchronously;

- to log in daily;
- to communicate with teachers and other staff (school email, IM, phone, etc.);
- to follow the course calendar and announcements;
- to complete assignments on (or before) due dates before the end of each day;
- to spend 60–75 minutes in each course each day;
- to submit assignments on or before the due date directly to their teacher via the “drop box” in each course;
- to read teacher feedback and use it to improve their work on future assignments; and
- to communicate directly with the teacher when they have any questions or problems related to the curriculum, or if they need a due date extension.

The role of the parent or another responsible adult acting as a mentor in the home is crucial to the success of most students. The mentor can be a parent, guardian, or any adult who the parent/guardian establishes as a mentor. Mentors are responsible for

- confirming and entering attendance daily;
- ensuring Internet connectivity;
- reporting/resolution of any technical issues or missing materials;
- ensuring that students are completing required assignments daily and submitting assignments on time;
- assisting student with assignments, to the extent that they are comfortable doing so;
- ensuring that students take advantage of all of the resources available to them to succeed in school; and
- communicating with Michigan Great Lakes Virtual Academy teachers when a concern or need presents itself.

Every student has an expert teacher for each course. Teachers are state certified in the subject area they teach and may be assisted by partner teachers who are experts in a particular curriculum area. Teachers set due dates for assignments, and then grade, provide feedback, and return assignments to students. Teachers answer student questions via Kmail and phone and hold weekly live content sessions during which students and parents can attend for more clarity on difficult topics. Teachers provide one-on-one and small-group instruction to students who are experiencing difficulty with certain topics. Teachers communicate directly with students and parents/mentors regarding the student’s progress and missing/late assignments. Special Education teachers ensure that students with Individual Education Plans (IEPs) receive the accommodations and adaptations required to ensure their success and compliance with their IEP.

ADVANCED PLACEMENT COURSES

MGLVA offers AP courses for our 11th- and 12th-grade students. Upon enrolling with MGLVA, students should let their counselors know if they are interested in taking AP classes. At that point, the AP coordinator will be notified of the request. Students will take the AP exam at a high school near them. It is the responsibility of the student to find a school near them where they can take the AP exam, register with that school, and pay for the exam themselves.

HONORS COURSES

Students looking to take more rigorous classes at MGLVA are encouraged to take honors classes. Before a student can be placed in an honors class, the student and their Learning Coach must sign an Honors Contract. Once enrolled in an honors class, a student must complete the required work with at least an 80%. If a student does not achieve at least 80% on their semester report card, the student will not be placed into an honors class for the next semester. If a student wishes to take honors courses but starts with MGLVA more than four weeks after the semester has started, the student will not be placed in honors classes. The student will have an opportunity to take honors classes during the next semester, just not the semester they are currently enrolled in.

HIGH SCHOOL GRADING POLICIES

Graded activities in the Michigan Great Lakes Virtual Academy high school-level courses will be assigned points. A student's final grade will reflect the actual points earned, compared to the total points possible. Teachers will use these points to assign letter grades, according to their grading policies. Students and mentors can access the current grades for all courses by viewing their accounts in the LMS or the My Info area, at any time during the semester. Students are responsible for their own work on unit tests and final exams. Students are not allowed to use notes, quizzes, or textbooks on unit tests and final exams, unless indicated in an IEP. Students are not allowed to share work with other students on unit tests or final exams. Unless otherwise noted, tests and quizzes are not "open-book" assignments. If a student does not complete his own work or shares his work with others on unit tests and/or final exams, he/she will not receive credit for the work. He/she will also face the risk of suspension or expulsion from Michigan Great Lakes Virtual Academy.

Students must cite sources in all assignments, tests, and exams. Students will not receive credit for work that does not appropriately cite sources. If a student uses information from a source but does not cite the source, the student will receive a zero for that assignment and may be suspended or expelled from Michigan Great Lakes Virtual Academy.

ACADEMIC DISHONESTY POLICY

Academic integrity is highly valued at Michigan Great Lakes Virtual Academy. Incidents involving plagiarism and cheating are serious offenses that warrant immediate administrative attention. Students are required to submit original work. They are obligated to cite the sources of all references they use. See also Student Rights and Responsibilities Behavior Guidelines for additional information regarding this policy.

Non-citation infraction

- 1st incident = grade of zero on assignment
- 2nd incident = grade of zero on assignment and administrative review.

Citation infraction

- 1st incident = counseling on correct use of citations
- 2nd incident = grade of zero on assignment
- 3rd incident = grade of zero on assignment and administrative review: Note that Turnitin.com is used to ensure that plagiarism does not occur within assignments.

EVIDENCE OF MASTERY

Grades will be determined based on how students perform on teacher-graded activities within each course. Graded activities may include

- online or paper-based worksheets and practice sets;
- quizzes;
- exams (e.g. Unit, Semester, Final);
- threaded discussions;
- essays, research papers, and other writing assignments; and
- presentations.

Assignments will be graded by computer or by the teacher, depending on the assignment. During the semester, students can view their grades in the Student Progress Report. Teachers, administrators, and parents also have access to student grade information.

GRADING SCALE

A	4.0	93%–100%	C	2.0	73%–76%
A–	3.7	90%–92%	C–	1.7	70%–72%
B+	3.3	87%–89%	D+	1.3	67%–69%
B	3.0	83%–86%	D	1.0	63%–66%
B–	2.7	80%–82%	D–	0.7	60%–62%
C+	2.3	77%–79%	F	0.0	0%–59%

CREDITS

Students will be placed into their graduation cohort regardless of credits earned. Students can earn up to 6 credits each year and must have 22 credits in specific Michigan Merit Curriculum content courses to graduate.

CONVERSION OF CREDITS

MGLVA understands that different schools use different units of measurement for calculating their credits. If a student comes to MGLVA and does not have listed the standard 0.5 credit per class per semester, the following actions will be taken by the counselors:

- The former school will be contacted to verify how their credits are calculated;
- Based on the conversation, the counselor will enter credits on the transcript accordingly; and
- If it is determined that the student earned less than 0.5 credit because the class was not mastered, the credit will be placed under the “general elective” category, and the student will need to take the class again.

HOME SCHOOL CREDITS

Students coming to MGLVA from home school will be asked to take a test in each of the core subjects that are listed on the home school transcript. If a student passes the test with at least 60%, credit will be awarded.

CREDIT RECOVERY

Credit Recovery classes will be assigned on a case-by-case basis. Enrollment in a credit recovery class will only occur once the counselor has explained the class format to the student. Students will earn Credit (CR) or No Credit (NC) on transcripts.

PERSONAL CURRICULUM

According to Section 380.1278 of the Revised School code, general education students have a right to a personal curriculum if doing so will allow them to graduate high school in a timely manner with a diploma. The PC is a process to modify specific credit requirements and/or content expectations based on the individual learning needs of a student. It is designed to serve students who want to accelerate or go beyond the MMC requirements and students who need to individualize learning requirements to meet the MMC requirements. A personal curriculum can be implemented in the following areas:

- Modifying the Algebra II content;
- Go beyond the academic credit requirements by adding more math, science, English Language Arts, or world language credits in place of Health, PE, VFPA, or Social Studies; and
- Modifying credit requirements for a student who transfers from out of state or from a nonpublic school in the 11th or 12th grade and is unable to meet the MMC requirements.

If a student is interested in a personal curriculum, the follows steps will be followed:

- Parent, student, or school personnel requests a PC;
- Request is reviewed to determine if a PC is needed;
- PC team meets, including student, parent, counselor, and teacher of related subject area that will be modified;

- An agreement is written and signed by the PC team as well as the school principal or head of school;
- PC is implemented; and
- Progress is monitored by the school and the PC counselor.

Upon completion of the PC and all other high school classes, the student is awarded a high school diploma.

DUAL ENROLLMENT

MGLVA recognizes the value to students to enroll in college courses offered by accredited and degree-granting colleges and universities in Michigan while they are still in high school. Students are able to replace MGLVA classes with college classes. The number of reduced courses at MGLVA is dependent upon the number of college credits the student is enrolled in at the college.

Tuition, mandatory course fees, material fees, including textbooks required for a course and registration fees required by the postsecondary institution are paid for by the Academy up to and equal to the prorated percentage of the statewide pupil-weighted average foundation allowance, based on the proportion of the school year that the eligible student attends the eligible postsecondary institution. Transportation, parking costs, and activity fees are not eligible charges to be paid by the Academy.

Once a student is enrolled in a class, it is the student's responsibility to meet any deadlines to drop a course. A student who fails to timely drop a course or fails a course is responsible to reimburse the Academy for the cost of the full amount of the tuition.

MGLVA will allow eligible high school students who meet the criteria established by the Academy to enroll in postsecondary courses while in attendance in the Academy. The Head of School shall allow a student in ninth grade or above, upon written request of the student's parent or guardians, to take approved readiness assessment(s) in order to establish eligibility for postsecondary enrollment. Students will be eligible to receive appropriate credit for completing any of these courses provided they meet all of the requirements for the type of credit they wish to earn.

The following criteria has been established by the Academy for Dual Enrollment:

- The student must pass one of the following with the Minimum Dual Enrollment Qualifying Score: MME, ACT, PLAN, SAT, or PSAT.
- The student must meet the college/university GPA requirement, if applicable.
- The student must be enrolled in grades 9–12 and may not be enrolled in high school for more than four (4) school years. Adult education students are not eligible.
- The student must receive the recommendation of the guidance counselor to take the course(s).
- The student may not take classes in the future if an "F" is received for the final grade.
- The student must be enrolled in at least one (1) MGLVA course.

Students who attend dual enrollment course(s) have the following obligations:

- to attend all college course(s) as scheduled and provide their own transportation;
- to receive permission from the high school principal or counselor to change their schedule;
- to reimburse MGLVA for the full amount of tuition if the student drops the class after the full reimbursement date or fails the class;
- to keep the high school informed of the student's schedule and any changes made, so that MGLVA knows where the student is at all times; and
- to have parent(s)/guardian(s) sign the required forms stating that they agree that their student may attend dual enrollment course(s).

Eligible dual enrollment courses include;

- a course offered by an eligible post-secondary institution that is not offered by MGLVA including Advanced Placement courses; and
- a course offered by MGLVA but is determined by the Head of School to not be available to the eligible student because of a scheduling conflict beyond the eligible student's control.

Courses not eligible for dual enrollment include;

- hobby/craft/recreation courses;
- religion/theology courses;
- a course that can be taken at MGLVA in an AP format; and if a similar course at MGLVA is offered, the MGLVA course must be taken first.

Please ensure that the credit earned by the class chosen is transferable to the desired postsecondary school.

NCAA ELIGIBILITY

Students who aspire to participate in athletics at the college and university level need to select high school courses that are accepted by the high standards of National Collegiate Athletic Association. Students need to be in contact with their counselor by the end of their sophomore year so that the counselor can monitor the student's classes and the NCAA application process. It is the student's responsibility to register with the NCAA eligibility center and pay the registration fee (currently \$75).

GRADUATION REQUIREMENTS

In accordance with Michigan Revised School Code 380.1278a and 380.1278b and Michigan Great Lakes Virtual Academy academic standards, all students must complete all course requirements. Please pay close attention to the new credit breakdown and where you need to earn credits.

HONORS COURSES

Students looking to take more rigorous classes at MGLVA are encouraged to take honors classes. Before students can be placed in an honors class, students and their Learning Coach must sign an Honors Contract. Once enrolled in an honors class, a student must complete the required work with at least an 80%. If a student does not achieve at least 80% on their semester report card, they will not be placed into an honors class for the next semester. If a student wishes to take honors courses but starts with MGLVA more than four weeks after the semester has started, the student will not be placed in honors classes. The student will have an opportunity to take honors classes during the next semester.

GRADUATING EARLY/NUMBER OF COURSES

Students at MGLVA take six courses each semester. However, MGLVA recognizes that there are times when taking more than six courses during a given semester/school year will allow a student to graduate early or on time. If such an incident occurs, it is at the discretion of the counselor to determine if the student is able to handle more than 6 classes at a time. If the counselor feels the student is able to handle more than six classes, then the student will be given more than six classes. While six classes is the minimum number of classes each semester that a student needs to take, eight is the maximum number of classes. Only students in grades 11 and 12 will be considered for more than six classes each semester. Please note that if a student wishes to graduate early, he or she will need to apply for early graduation and be approved by the counseling department and administration.

GRADUATION HONORS

During the graduation ceremony, seniors will be recognized in the following manner:

- Grade Point Average (rounded to the nearest hundredth)
- honors cord awarded to students with a cumulative GPA of 3.5 or higher
- medals awarded to Valedictorian and Salutatorian

GRADUATION REQUIREMENTS FOR SENIORS

If a graduating student wishes to participate in the graduation ceremony, course work must be completed by the Wednesday prior to graduation. No exceptions will be made. In addition, any student eligible for graduation must have met the following requirements:

- complete of MME testing
- pass all MMC required classes and at least 22 credits

VALEDICTORIAN/SALUTATORIAN

Valedictorian: the student in the graduating class that has the highest cumulative GPA. Salutatorian: the student in the graduating class that has the second highest cumulative GPA.

In order for a student to qualify for Valedictorian/Salutatorian, they must meet the following criteria:

- Have the highest/second highest GPA
- Complete the final year (two semesters) of school at MGLVA.

CERTIFICATE OF COMPLETION

Minimum graduation requirements are established by the State of Michigan and the Michigan Department of Education and are known as the Michigan Merit Curriculum (MMC). A diploma shall not be awarded unless a student successfully completes all of the credit requirements in MCL 380.1278a and MCL 380.1278b.

A local school district/board may issue alternative certificates such as Certificate of Completion (COC) for students who do not meet all of the requirements of the Michigan Merit Curriculum. A Certificate of Completion, however, has no legal standing as a substitute for a diploma. MDE does not recognize COCs, nor do they describe what requirements for them are. It is a local district decision regarding whether to offer some type of certificate; and it also is up to the local district to determine the certificate completion criteria.

MGLVA BOARD POLICY FOR CERTIFICATE OF COMPLETION

The MGLVA School Board authorizes the Head-of-School/Superintendent to establish the requirements for an alternative curriculum of coursework that is closely aligned to the Michigan Merit Curriculum diploma requirements.

The MGLVA School Board will award a Certificate of Completion to a student who successfully completes the requirements of an alternative curriculum or pathway. Students who achieve the COC may participate in the graduation ceremonies. No ceremonial distinction will be made between those who receive Michigan Merit Curriculum diplomas and those who receive a certificate of completion.

In Michigan, a Certificate of Completion award (COC) does not end entitlement to special education services; only a regular high school diploma or reaching the age of 26 years can end special education rights. However, just because a student may have rights to special education until age 26 does not mean they need them in order to transition into postsecondary adulthood. It is an IEP team decision to determine the needs of the student.

Students who earn a Certificate of Completion at MGLVA may still need further special education services or programs into adulthood beyond what MGLVA offers after they complete the COC requirements at MGLVA. This could include such services such as an adult transition center in a student's local area or a similar program run by a local Intermediate School District (ISD) or Regional Educational Service Agency (RESA). MGLVA will support such a transition if/when the IEP team determines it is most appropriate.

MGLVA encourages IEP teams to begin discussing high school pathways of completion (MMC diploma or COC) starting in upper elementary and into middle school. This falls in line with expectations from MDE under the Career Development Plan (CDP) model.

IEP teams are mandated to determine an appropriate course of study in the transition planning of a student that is both reasonable and realistic, based on the transition or other data that is available and in consideration of the students' disability, long-term needs, and functional performance.

MGLVA students earning a COC should have a case file open with an outside agency (such as Michigan Rehabilitation Services or other as appropriate) during the junior and senior year, or earlier if determined appropriate by the IEP team.

Students in the COC programs will be informed of age of majority decision-making rights, leading into the year they turn age 18, unless there is documentation of guardianship to another relative/adult, such as specific family members. It is in a family's best interest to pursue this, if necessary, in advance of a student turning 18 years old.

TYPES OF CERTIFICATES AT MGLVA

MGLVA has two "Pathways" to a Certificate of Completion, Pathway One (Service Learning) and Pathway Two: Alternate Curriculum/Functional.

PATHWAY ONE: To be qualified for Certificate of Completion (in lieu of MMC diploma), a student must:

- Have the appropriate designation in Section 3 in his/her IEP;
- Have an updated EDP that has been reviewed by guidance counselor or designee;
- Participate in district and state testing requirements, including the Michigan Merit Exam;
- Students must meet the expectations of the MDE CDP (Career Development Plan) model (19-20 and beyond);
- Students in Pathway One (Service Learning) will complete 22 total credits of courses (can be GE and/or SE combination - see year-by-year progression);
- GE participation and course outcomes will be based modified grading standards (credit/no credit) based on teacher rubric;
- With the guidance of a school counselor and the case manager (SE teacher), students in Pathway One will take classes (GE and/or SE) that best help them meet their postsecondary goals in the Transition plan, as well as Transition activities;
- Students in Pathway One will complete a resume by the end of their senior year related to their work-based learning experience and other personal strengths; and
- Completion of this program will occur when these guidelines are met:
 - 22 earned credits (GE and/or SE);
 - Completion of transition activities related to postsecondary outcome;
 - Completion of the Talent Portfolio CDP requirement, as well as at least one year of work-based learning experience within the last two years of the student's schooling; and
 - Completion of a postsecondary training and goals—to finish postsecondary goals in training education (example: Community College enrollment and/or other trade or technical school, such as Michigan Career Technical Institute—MCTI).

REPORT CARDS AND TRANSCRIPTS

Report cards are not mailed out to students at the end of semesters. If students wish to receive their report cards, they would need to contact their counselor and request their report card.

There are two types of transcripts that a student can request: unofficial transcripts and official transcripts. Unofficial transcripts can be requested of the students' counselor. The counselor will send the transcript to the student or Learning Coach requesting the transcript. Official transcripts are request by a students' new school. Information about requesting official transcripts can be found at http://mglvahs.weebly.com/withdrawalsrelease_of-records.html

SCHEDULING

During the second semester of each school year, students will meet 1:1 with their counselor where they will decide which core classes to take for the next school year as well as their elective classes.

Schedule Change Deadline

Changes to a students' schedule will only be considered during the first two weeks of the semester. Once the first two weeks have passed, no schedule changes will be considered. A request for a schedule change does not guarantee that a change will be made. Schedule changes must be in alignment with the student's EDP and approved by the counselor.

SUBSTITUTION OF CREDITS

All students graduating from MGLVA will meet the state requirements as given by the MDE. If a student transfers from another school, MGLVA will accept credits from the previous school. Below is a list of classes from previous schools and how MGLVA will apply the credit:

CLASS FROM PREVIOUS SCHOOL	HOW MGLVA WILL AWARD CREDIT
Physical Science	Chemistry/Physics requirement
Choir	Art
Band	Art
Weight training/conditioning/swimming/etc.	Physical Education
Health and wellness	Physical Education
JROTC/ROTC	Physical Education

Technical courses will not count as VFPA credits unless directly specified on a students' transcript.

TESTING OUT

According to the Michigan Merit Curriculum Law, Section 380.1278(a)(4)(c), if a student feels that they have already mastered the content of a given core course, the student is able to test-out of the course. If a student would like to test out of a given course, the following steps will need to occur:

- No later than August for fall term or December for winter term, a student must inform their counselor of their desire to test out of a class.
- The student will fill out a form formally requesting to test out of the class.
- The counselor will process the request, obtain the test, and arrange for the student to take the test.
- If the student scores at least 75% on the test, the student will be considered as having obtained mastery of the content and not have to take that class.
- Whatever score a student receives on the test will be the letter grade that will show on the transcript for the student (example: An 80% on the test will show as a B– on the transcript with a GPA of 2.7).

PROGRESS UPDATES

Progress updates will be sent twice within the course of the semester. All students will receive the update via email. Students with a failing grade in a course will receive their information via email and US mail. The mailing date of these items will be posted within the LMS. Report cards will be sent at the end of each semester.

DETERMINING CLASS RANK AND HONOR ROLL

Class rank is determined by rank ordering the cumulative grade point average of all students within a grade level. Students earning a semester grade point average of 3.25 or higher will be eligible for the Honor Roll. The following values will be assigned to semester grades in each course:

A	4.0	B–	2.7	D+	1.3
A–	3.7	C+	2.3	D	1.0
B+	3.3	C	2.0	D–	0.7
B	3.0	C–	1.7	F	0.0

AWARDING OF EXTRA CREDIT

Extra credit is awarded at the discretion of the individual teacher. Teachers will post their extra credit policies and opportunities within their individual courses. Extra credit will not be awarded for completion of assigned work. Extra credit may be awarded for work above and beyond regularly assigned work.

LATE WORK POLICY

- Graded assignments must be completed and submitted not later than midnight on the due date.
- All late assignments are subject to a late penalty.
- A zero will be entered the Monday after an assignment is due.
- Students will be able to submit late assignments after a zero is assigned to receive up to 50% of the achieved score on teacher-graded assignments; 50% reduction will not be applied to computer-scored assignments.
- For computer-scored quizzes that are late, the student will need to contact the teacher before they will be allowed to retake the quiz.
- For computer-scored tests that are late, the learning coach will need to contact the teacher before they will be allowed to retake the test.
- Teachers are willing to discuss the late submission of work past the above-listed deadlines. Please contact teachers directly as soon as possible to find out if this is an option.
- Teachers will grant due date extensions on assignments under some circumstances. You should never assume that teachers will automatically grant these requests, however. Due date extensions must be requested before the due date of the assignment and on a school day. Requests received on or past the due date or on a non-school day will most likely not be granted.

TUTORING

The MGLVA tutoring program is a two-hour, twice-weekly time where students can come to interact with their teachers and peers. Students are allowed choice in which teachers and subjects they come for, how long they want to work on each, and whom they find value in working around. By having one session, students do not need to pick and choose which teachers and content are most important to them, as all are available. Staff is present for most, if not all, of the classes listed at the end of these paragraphs for each session. The goal for staff is to meet with students that may need help with current content, have started late and need to know what is needed to be on track to finish by semester end, to remediate on lessons and assessments that were not to the student's potential, or some combination of these and other needs. Teachers also can connect with students with social skills and activities that are constrained by the limits and needs of general class time. Along with the teachers, anywhere from three to a dozen student moderators engage with their classmates to help meet needs. Under the guidance of their teachers, they may help their classmates catch up on a missed class, work on technology issues that are limiting others from engaging fully in tutoring or class, lead small groups if the teacher is working with others or must leave early/come late. As part of this process, several NHS students have joined to earn their community service hours as tutors and mentors to those in grades below them. In doing so, they help their own learning as well. All high school students and staff meet via ClassConnect sessions.

STANDARDIZED TESTING—MICHIGAN MERIT EXAM

Michigan will offer the PSAT 8/9, PSAT 10, and SAT free of charge to Michigan 8th-, 9th-, 10th-, and 11th-grade students respectively. The skills and knowledge measured by the PSAT-related assessments are the same as those measured by the SAT, allowing students and educators to monitor progress and identify areas in need of improvement.

STAR360 TESTING

Michigan Great Lakes Virtual Academy utilizes the STAR360 assessment and creates a personalized assessment experience by adapting to each student's learning level. You'll have assessment data—and essential information about what each student knows and is ready to learn—within 24 hours.

These assessments help you and your child's teacher understand how your child is learning and to watch his/her growth over the course of the year. It is our goal to provide your child with an individual learning plan designed specifically for your child.

All students in grades kindergarten through 12 will complete the STAR360 during three assessment windows in the fall, winter and spring. This test is a computer-adaptive test that will be given in your home, facilitated online by your child's teacher. It is very easy to use. The results will go directly to your teacher. It is important that you do not help your child with the answers to the test. The purpose of the test is to provide your teacher with information on your child's strengths as well as areas that need additional focus this school year. If you assist in any way, the test will not be valid. If the test is not valid, either we will have inaccurate information on your child's abilities or the test will be deleted. The student will need to complete the test again. Likewise, if a student quickly moves through the questions without sufficiently reading them, the student will likely retest.

COMMUNICATION (MY INFO AND SCHOOL EMAIL/OFFICE 365)

In response to feedback received from you and others, we are pleased to share that we have upgraded the Kmail platform with a new industry standard email system powered by Office 365. This new email system will provide all of the standard email functionality that our students, learning coaches, and teachers have been asking for such as folder management, sorting and filtering, as well as the ability to delete. Email can be accessed both inside and outside of the Learning Management System (LMS) and on mobile devices, allowing access anytime, anywhere. Additionally, Learning Coaches will no longer be required to maintain a separate email account. Email will instead be sent to their personal email address on file. Students and parents are able to contact their teachers through Kmail, an online communication system found on the Online School's My Info area. It is expected that students and mentors/parents read their emails daily. This is our primary means of communication.

FAMILY DIRECTORY

Accessed through the OLS, this secure directory allows parents to find other parents by location, student grade levels, special interests, and more. Parents may search by name and other information in a parent profile. The new directory is automatically updated as a parent's status changes, such as if a parent has changed location or an email address. There is an online opt-in/out capability on the OLS. Parents can easily include or exclude themselves from the directory.

WORK PERMITS

We understand that work is a part of the lives of many of our students at MGLVA. Work hours are after school and on weekends only. Working during the school day prohibits students from engaging in live classes and lessons.

Minors under 18 years of age must obtain a work permit before starting employment. An employed student must still comply with Michigan compulsory attendance laws. If the minor changes jobs, a new work permit is required for the new employer. MGLVA reserves the right to deny any work permit request for a student in poor academic standing. An awarded work permit may be revoked for poor academic performance. A work permit is required even if the minor is home/cyber/virtual/online schooled. Work permits must be completed prior to beginning work.

Timeline for Work Permit Processing (Process can take approximately two weeks.): According to The Michigan Department of Education, work permits can be issued when the minor appears in person only. Request a legal work permit from the school office at 231-794-5999, if your child is obtaining a job. <https://bit.ly/3xsu66z>

SPECIAL INTEREST STUDENT CLUBS

Student clubs will be offered to all students, in order to enhance their complete educational experience at Michigan Great Lakes Virtual Academy. Clubs facilitate student socialization, community, and in some cases, service. Clubs are sponsored by Michigan Great Lakes Virtual Academy teachers who welcome parent participation, as well. Teachers will provide a more detailed list along with contact information, as the school year progresses. More clubs may be added as interests arise. Suggestions are always welcomed. Any materials or supplies (outside of supplied curriculum) needed for the clubs are the responsibility of the family; neither STRIDE K12 nor Michigan Great Lakes Virtual Academy will provide these materials or supplies.

FACE-TO-FACE GATHERINGS

Michigan Great Lakes Virtual Academy teachers arrange a variety of special gatherings for students and families on a monthly basis. Attendance is not required. However, these special gatherings provide wonderful opportunities to meet teachers, make new friends, and to talk with fellow parents about school. Parents are responsible for the cost of transportation and any other fees. The fees are often negotiated and reduced for our school. Time spent on a field trip counts as attendance in the related subject. For example, a trip to a science museum can count as attendance time in science. All gatherings/notices are posted on the School Community Board and/or the online calendar of events. Any student may attend any outing he or she wishes by submitting an RSVP, if required, to the teacher listed in the outing information. Parents, or adults who they specify, are responsible for supervising children at all times during an outing. Siblings and friends are welcome to attend as well. All students are expected to wear clothing that is appropriate for school. Clothing that distracts students, disrupts the educational process, or poses a health or safety threat to anyone is not acceptable in our school. Parents may contact the school if further information is needed. All attending children must bring a signed (by parent/guardian) and completed Liability Release Agreement.

The Board recognizes that students attending Michigan Great Lakes Virtual Academy gatherings may require medication for various reasons. Parents and guardians shall be encouraged to administer medications outside the hours of school gatherings. Parents and guardians shall assume full responsibility for the care of this part of their child's health.

Do not agree to meet in person anyone you have met only on the Internet and who is not affiliated with Michigan Great Lakes Virtual Academy.

NETWORK ETIQUETTE

At Michigan Great Lakes Virtual Academy, parents and students are expected to follow the rules of network etiquette, or "netiquette." The word netiquette refers to common-sense guidelines for conversing with others online. Please abide by these standards. Avoid sarcasm, jargon, and slang. Swear words are unacceptable. Never use derogatory comments, including those regarding race, age, gender, sexual orientation, religion, ability, political persuasion, body type, physical or mental health, or access issues. Focus your responses on the questions or issues being discussed, not on the individuals involved. Be constructive with your criticism, not hurtful. Review your messages before sending them. Remove easily misinterpreted language and proofread for typos. Respect people's privacy. Don't broadcast online discussions, and never reveal other people's email addresses.

ACADEMIC INTEGRITY

All work submitted is assumed to have been completed by the student. Students are responsible for observing the standards on plagiarism and properly crediting all sources relied upon in the composition of their work. Failure to abide by these standards will be reported to the appropriate administrative authorities and may result in loss of credit, revoked access to course(s) and suspension or expulsion from Michigan Great Lakes Virtual Academy.

USE OF COPYRIGHTED MATERIALS

All materials in the courses are copyrighted and provided for use exclusively by enrolled students. Enrolled students may print or photocopy material from the website for their own use. Use by, or distribution to others is prohibited unless expressly noted. Unauthorized copying or distribution may result in revoked access to course(s).

Users shall not upload, download, transmit, or post copyrighted software or copyrighted materials, materials protected by trade secrets or other protections using Michigan Great Lakes Virtual Academy computer resources. This includes copyrighted graphics of cartoon characters or other materials that may appear to be not copyright protected.

ACADEMIC DISHONESTY (PLAGIARISM)

MGLVA students are expected to uphold the highest standards of Academic Integrity by expressing their own thoughts, language, and expressions and to respect and acknowledge any other author's works with proper documentation in all assignments. Academic Dishonesty or plagiarism is the act of using another person's work to claim as your own.

EXAMPLES OF ACADEMIC DISHONESTY ARE:

- copying answers word for word from any portion of an outside source such as Yahoo Answers, Wikipedia, or Ask.com;
- intentionally paraphrasing ideas from any outside source without proper acknowledgement;
- submitting in whole, or in part, the work of another student;
- submitting in whole, or in part, an assignment written for another course by someone else; and
- intentionally allowing one's essay, assignment, or test answers to be copied by another student.

Plagiarism and cheating are taken very seriously. Students who use all or part of someone else's work, without appropriate credit or citation, are in violation of these policies.

DEFINITION OF CHEATING

Cheating is defined as obtaining or attempting to obtain, or aiding another to obtain credit for work, or any improvement in evaluation of performance, by any dishonest or deceptive means. Cheating includes, but is not limited to the following: lying; copying from another's test or examination; discussion at any time of answers or questions on an examination or test, unless such discussion is specifically authorized by the instructor; taking or receiving copies of an exam without the permission of the instructor; using or displaying notes, "cheat sheets," or other information devices inappropriate to the prescribed test conditions; allowing someone other than the officially enrolled student to represent the same.

DEFINITION OF PLAGIARISM

Plagiarism is defined as the act of using the ideas or work of another person or persons as if they were one's own without giving proper credit to the source. Such an act is not plagiarism if it is ascertained that the ideas were arrived through independent reasoning or logic or where the thought or idea is common knowledge.

Acknowledgement of an original author or source must be made through appropriate references, i.e., quotation marks, footnotes, works cited, or commentary. Examples of plagiarism include, but are not limited to the following:

- the submission of a work, either in part or in whole completed by another;
- failure to give credit for ideas, statements, facts, or conclusions that rightfully belong to another;
- failure to use quotation marks (or other means of setting apart, such as the use of indentation or a different font size) when quoting directly from another, whether it be a paragraph, a sentence, or even a part thereof;
- close and lengthy paraphrasing of another's writing without credit or originality; and
- use of another's project or programs or part thereof without giving credit.

Citing and lifting a partial or complete answer is plagiarism, as is turning in answers sourced from the Internet, including homework sites, collaborative groups, or responses from any writer other than the student submitting the work.

MGLVA uses Turnitin.com to ensure that plagiarism does not occur within assignments

1st Offense	Grade of 0 on the assignment; student will be able to meet with teachers to discuss academic integrity and complete reflection survey . Upon completion of the reflection survey, the student may redo and resubmit the assignment within one academic week for a maximum grade of 75%. Students will still have a 1st offense, but will not receive a 0 if resubmitted.
2nd Offense	Grade of 0 on the assignment; student must fill out reflection survey-2 , and curriculum will be locked for one day.
3rd Offense	Grade of 0 on the assignment; student must fill out reflection survey-3 , curriculum locked for one day, and administrative conference held.

If you are citing information found on a website, provide the complete web page or site title, URL, author (if known), page number (if applicable), and publication date of the site (if available).

APPROPRIATE USE OF TECHNOLOGY

Michigan Great Lakes Virtual Academy assumes no responsibility for any claims, losses, damages, costs, or other obligations arising from the use of instructional computing resources. Michigan Great Lakes Virtual Academy also denies any responsibility for the accuracy or quality of the information obtained through user access. Nothing in this policy negates any obligation the student and parent have to use the instructional computing resources as required in the Use of Instructional Property Agreement ("Agreement") the parent or guardian signed as part of the

student's enrollment packet. In the event that this Code conflicts with the Agreement, the terms of the Agreement shall prevail.

CONFIDENTIAL COMMUNICATIONS OF STUDENTS

Some oral or written communications between students and school personnel are confidential. Information that is expressed as confidential or received in confidence by a staff member from a student may be revealed to or by the head of school or other appropriate authority, including law enforcement personnel, when the health, welfare, or safety of the student or other persons is clearly in jeopardy.

USING NEWROW/ZOOM OR OTHER LIVE ONLINE SESSION PLATFORMS

Parents should always sign in using their first name and last initial always. Students should

- arrive promptly at the scheduled time for the live, online session;
- wait for whiteboard and microphone privileges that will be assigned at the discretion of the teacher;
- only communicate regarding direct content of the lesson;
- be respectful and courteous toward others at all times;
- always participate and engage in the session (stepping away without the teacher's approval will count as an absence); and
- log in to each session individually.

Please bear in mind that individual teachers may have expectations that are specific to their classrooms. Parents should remove their child from a live, online session if the student displays offensive behavior or is ill. If you must remove your child from a live, online session, please contact the teacher to discuss the situation.

Parents should keep comments and questions specific to the lesson. Contact your child's teacher about other concerns by phone, email, or in person during office hours. Because the lessons are student-centered, only students should be using the microphones during the sessions. Please refrain from coaching your child during live, online sessions. The goal of this instructional time is for your child to become an independent learner and critical thinker.

SUCCESS VIRTUAL LEARNING CENTERS (SUCCESS VLC)

Success Virtual Learning Centers (Success VLC) is a nontraditional education program partnering with MGLVA to better serve students. Success VLC focuses on students who have dropped out or are at risk for not completing high school. Success VLC combines virtual, online courses with the support of physical brick-and-mortar learning centers. Through this partnership, high school students who are struggling with the demands of a full-time virtual classroom may find the option of a blended approach more

beneficial. In addition to the online curriculum, Success VLC offers internships and mentoring opportunities with local businesses, as well as field trips, clubs, and other extracurricular activities. Students who find this option better suited for their needs will withdraw from MGLVA and enroll in Success VLC. Each student who attends Success VLC is held accountable for his or her educational progress. Success VLC provides two-way communication including home visits, if necessary, to ensure students are motivated to succeed. An average of just 10 students in a center at any given time means that students can spend as much time as needed with a teacher. When students visit a learning center, they walk into an environment where building relationships and providing support is just as important as learning.

2024–2025 STUDENT/FAMILY COMPACT

Parents, guardians, students, and the staff of Michigan Great Lakes Virtual Academy (MGLVA) agree that this handbook outlines the expectations and describes the shared responsibility each party has to ensure a successful partnership. By signing the Signature Page found at the end of this handbook, parents/guardians, students, and staff confirm and agree to the contents of this handbook. Students' success is a primary goal of Michigan Great Lakes Virtual Academy and can only be achieved if all members work in partnership with one another.

Michigan Great Lakes Virtual Academy (MGLVA) and the parents of the students participating in activities, services, and programs funded by Title I, Part A and Title IV (participating children), also agree that this compact outlines how the

parents, the entire school staff, and the students will share the responsibility for improved student academic achievement and the means by which the school and parents will build and develop a partnership that will help children achieve the State's high standards.

SCHOOL RESPONSIBILITIES

MGLVA will provide high-quality curriculum and instruction in a supportive and effective learning environment that enables the participating students to meet the State's student academic achievement standards as follows:

- MGLVA will provide teaching and leadership by helping students achieve their potential;
- MGLVA will do everything in its ability to provide a safe learning environment that allows for positive and open communication for all;
- MGLVA will encourage students, parents, learning coaches, guardians, and family members by providing opportunities to participate in their child's education, through the following examples:
 - a. Monthly outings around the state;
 - b. Workshops;
 - c. Live ClassConnect sessions or other live online sessions;
 - d. School improvement committees;
 - e. Family engagement committees; and
 - f. Other opportunities as they arise.

PARENT/GUARDIAN RESPONSIBILITIES

Parents/Guardians will support their child(ren)'s learning in the following ways:

- Parents/Guardians agree that MGLVA is a full-time public school program, and that students may not be enrolled in any other full-time or part-time public or private school, unless an agreement has been authorized by MGLVA.
- Parents/Guardians agree that their student is enrolled in a public school academy, which is a cyber school, with attendance requirements that are expected to be met (average 6.5 hours daily).
- Students in grades K–12 must complete 1,098 hours of instruction during the school year as required by law.
- Parents/Guardians agree that it is their responsibility to secure an Internet service provider to access the online school.
- Parents/Guardians agree to supervise their student in using the STRIDE K12 curriculum and understand their responsibility to become knowledgeable about it. Any other work accomplished by the student is supplemental to, and does not take the place of, the STRIDE K12 curriculum lessons. MGLVA does not consider it acceptable to leave a student home alone or unsupervised all day to complete coursework.
- Parents/Guardians agree that student progress is an expected part of MGLVA, in addition to the attendance hours logged. Teachers review progress and consider other factors including parental input, when making student advancement decisions. Promotion is based on progress, content mastery, and/or credits earned, not simply attendance.
- Parents/Guardians agree to participate, as appropriate, in decisions relating to their child(ren)'s education.
- Parents/Guardians agree to promote positive use of extracurricular time.
- Parents/Guardians agree to stay informed about their child's education and communicating with the school by promptly reading all notices from the school or the school district either received by the child or by mail and responding, as appropriate.
- Parents/Guardians agree to participate in scheduled interactions with their student's teacher and to submit work samples when requested.
- Parents/Guardians agree that, as a public school, MGLVA students are required to participate in testing required by the state of Michigan (M-STEP/PSAT/SAT/ACT) and other academic achievement testing (STAR360, DIBELS, USA TestPrep) required by MGLVA. Their child is expected to participate fully in the testing at his or her grade level.

STUDENT RESPONSIBILITIES

The students of MGLVA will share the responsibility to improve their academic achievement and achieve the standards set by MGLVA and by the state of Michigan by agreeing to the following statements:

- Students agree that they are a part of the MGLVA family and will treat others with kindness, respect, and consideration, realizing we are all unique.
- Students agree to complete projects and assignments, and to take time in every lesson to do their best work.
- Students agree to be helpful, considerate, and cooperative with other students who may need help or assistance.
- Students agree to read at least 30 minutes every day outside of instructional time.
- Students agree to attend and participate in live ClassConnect sessions or other live online sessions when scheduled.
- Students agree to be fully engaged in their own learning, asking questions when needed.
