## INDEPENDENT AUDITOR'S REPORT

To the Board of Education  
Michigan Great Lakes Virtual Academy  
Manistee, Michigan

### **Report on the Audit of the Financial Statements**

#### ***Opinions***

We have audited the accompanying financial statements of the governmental activities and the major fund of Michigan Great Lakes Virtual Academy, Manistee, Michigan as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the Academy's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the major fund of Michigan Great Lakes Virtual Academy, as of June 30, 2025, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### ***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Michigan Great Lakes Virtual Academy and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Michigan Great Lakes Virtual Academy's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

## ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Michigan Great Lakes Virtual Academy's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Michigan Great Lakes Virtual Academy's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and required supplementary information, as identified in the table of contents, on pages 4-8 and 37-43 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated October 27, 2025, on our consideration of Michigan Great Lakes Virtual Academy's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Michigan Great Lakes Virtual Academy's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Michigan Great Lakes Virtual Academy's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

FOR FISCAL YEAR ENDED JUNE 30, 2025

This section of Michigan Great Lakes Virtual Academy (“the Academy”) annual report presents our discussion and analysis of the Academy’s financial performance during the year ended June 30, 2025. Please read it in conjunction with the Academy’s financial statements, which immediately follow this section.

This discussion and analysis is intended to serve as an introduction to the Academy’s basic financial statements. The Academy’s financial statements consist of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. The report also contains other supplementary information in addition to the basic financial statements themselves.

**Overview of the Financial Statements**

**Government-Wide Financial Statements**

The *Government-Wide Financial Statements* are designed to provide readers with a broad overview of the Academy’s finances, in a manner similar to a private-sector business.

The *Statement of Net Position* presents information on all of the Academy’s assets, deferred inflows and outflows of resources and liabilities, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Academy is improving or deteriorating.

The *Statement of Activities* presents the information showing how the Academy’s net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported for some items that will only result in cash flows in future periods.

Both of the government-wide statements distinguish functions of the Academy that are principally supported by state and federal revenues (governmental activities) from other functions that are intended to recover all or most of their costs through user fees and charges (business-type activities). The governmental activities of the Academy include instruction, supporting services, and community services, interest on long-term obligations, and unallocated amortization.

**Fund Financial Statements**

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Michigan Great Lakes Virtual Academy, like other state and local governments, uses fund accounting to ensure compliance with finance-related legal requirements. The sole fund of the Academy is a governmental fund.

**Governmental Funds** Governmental funds are used to account for essentially the same functions as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in assessing a government’s near-term financing requirements. Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide

MICHIGAN GREAT LAKES VIRTUAL ACADEMY  
MANISTEE, MICHIGAN

MANAGEMENT'S DISCUSSION AND ANALYSIS

FOR FISCAL YEAR ENDED JUNE 30, 2025

financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions.

**Notes to Financial Statements**

The notes provide additional information that is necessary to acquire a full understanding of the data provided in both the government-wide and the fund financial statements.

**Other Information**

In addition to the basic financial statements and accompanying notes, this report further presents Required Supplementary Information (RSI) that explains and supports the information presented in the financial statements.

**Summary of Net Position**

The following schedule summarizes the net position at June 30,

	<u>2025</u>	<u>2024</u>
<b>Assets</b>		
Current Assets	\$ 18,870,625	\$ 17,928,088
Non Current Assets	244,393	304,604
Total Assets	<u>19,115,018</u>	<u>18,232,692</u>
<b>Deferred Outflows Of Resources</b>		
Total Deferred Outflows of Resources	<u>60,424</u>	<u>108,957</u>
<b>Liabilities</b>		
Current Liabilities	9,120,813	8,159,540
Noncurrent Liabilities	220,116	374,652
Total Liabilities	<u>9,340,929</u>	<u>8,534,192</u>
<b>Deferred Inflows Of Resources</b>		
Total Deferred Inflows of Resources	<u>94,770</u>	<u>33,602</u>
<b>Net Position</b>		
Right to Use Assets, Net of Accumulated Amortization	(25,474)	(13,066)
Unrestricted	9,765,217	9,786,921
Total Net Position	<u>\$ 9,739,743</u>	<u>\$ 9,773,855</u>

**Analysis of Financial Position**

During the fiscal year ended June 30, 2025, the Academy's net position decreased to \$9,739,743. Details of the financial performance for the fiscal year are in the following sections.

MICHIGAN GREAT LAKES VIRTUAL ACADEMY  
MANISTEE, MICHIGAN

MANAGEMENT'S DISCUSSION AND ANALYSIS

FOR FISCAL YEAR ENDED JUNE 30, 2025

**Results of Operations**

For the years ended June 30, 2025 and 2024, the results of operations, on an academy-wide basis, were:

	<u>2025</u>	<u>2024</u>
<b>Program Revenues</b>		
Operating Grants	\$ 9,773,581	\$ 13,511,798
<b>General Revenues</b>		
State Sources	38,035,801	32,538,512
Earnings on Investments	205,345	0
Other Revenues	171,157	48,376
Total General Revenues	<u>38,412,303</u>	<u>32,586,888</u>
Total Revenues	<u>48,185,884</u>	<u>46,098,686</u>
<b>Expenses</b>		
Instruction	27,807,066	25,582,202
Supporting Services	19,795,097	18,248,909
Community Services	545,785	713,595
Interest on Long-Term Obligations	11,837	12,496
Unallocated Amortization	60,211	60,210
Total Expenses	<u>48,219,996</u>	<u>44,617,412</u>
Change in Net Position	<u>\$ (34,112)</u>	<u>\$ 1,481,274</u>

**Financial Analysis of the Academy's Fund**

The financial performance of the Academy as a whole is also reflected in its governmental fund. The following table shows the change in total fund balance of the Academy's governmental fund:

	<u>2025</u>	<u>2024</u>	<u>Increase (Decrease)</u>
<b>Major Funds</b>			
General Fund	<u>\$ 9,799,563</u>	<u>\$ 9,816,351</u>	<u>\$ (16,788)</u>

**General Fund** – In 2024-2025, the General Fund's fund balance decreased to \$9,799,563. Revenues increased by approximately \$2,100,000. Expenditures increased approximately \$3,400,000 during this time. The increase in revenue can be attributed to the increase in state revenues as a result of the increase in pupil count. In addition to the additional costs associated with having additional students, federal revenues decreased, causing the small decrease in fund balance.

MICHIGAN GREAT LAKES VIRTUAL ACADEMY  
MANISTEE, MICHIGAN

MANAGEMENT'S DISCUSSION AND ANALYSIS

FOR FISCAL YEAR ENDED JUNE 30, 2025

**General Fund Budgetary Highlights**

The Uniform Accounting and Budgeting Act of the State of Michigan requires that the local Board of Education approve the original budget for the upcoming fiscal year prior to its starting on July 1. Any amendments made to the operating budget must be approved by the Board prior to the close of the fiscal year on June 30. For the 2024-2025 fiscal year, the Academy amended the General Fund budget throughout the year, with the Board adopting the changes as summarized below. The following schedule shows a comparison of the original General Fund budget, the final amended General Fund budget, and actual totals from operations:

	<u>ORIGINAL BUDGET</u>	<u>FINAL BUDGET</u>	<u>ACTUAL</u>
Total Revenues	<u>\$ 47,607,768</u>	<u>\$ 47,112,156</u>	<u>\$ 48,185,884</u>
<b><u>EXPENDITURES</u></b>			
Instruction	\$ 27,490,484	\$ 28,209,003	\$ 27,802,150
Supporting Services	19,065,779	20,100,057	19,795,097
Community Services	780,321	537,005	545,785
Debt Service	<u>59,640</u>	<u>44,730</u>	<u>59,640</u>
Total Expenditures	<u>\$ 47,396,224</u>	<u>\$ 48,890,795</u>	<u>\$ 48,202,672</u>

The changes from original budget and final budget resulted from funding amounts from various sources and expenditures related to instruction, supporting services, and community services becoming clearer as the year progressed. The variance between the final budgeted revenues compared to actual revenues was primarily a result of receiving and expending more in state revenues than anticipated. The variance between final budgeted expenditures compared to actual expenditures was caused by the Academy spending less on basic programs, added needs, and instructional staff than it anticipated.

**Right to Use Asset and Debt Administration**

***Right to Use Assets***

At the end of the 2024-2025 fiscal year, the Academy had invested \$244,393, net of amortization, in right to use buildings. This represents a net decrease of \$60,211 from prior fiscal year. Amortization expense for the year amounted to \$60,211 bringing the accumulation to \$120,421 as of June 30, 2025. More information can be found related to right to use assets later in this report.

***Long-Term Obligations***

At June 30, 2025, the Academy reported an obligation related to a lease in the amount of \$269,867. Additional information related to the long-term obligations can be found in the footnotes to this report.

MICHIGAN GREAT LAKES VIRTUAL ACADEMY  
MANISTEE, MICHIGAN

MANAGEMENT'S DISCUSSION AND ANALYSIS

FOR FISCAL YEAR ENDED JUNE 30, 2025

**Factors Bearing on the Academy's Future**

At the time that these financial statements were prepared and audited, the Academy was aware of the following items that could significantly affect its financial health in the future:

- State aid funding from the State of Michigan represents most of the Academy's revenue. Due to uncertainty from year to year related to state funding, the Academy continues to monitor current legislature in order to get a better idea of funding levels for the upcoming 2025-2026 school year and beyond. Specific funding for virtual schools like the Academy has been scrutinized over the past several years and causes even more uncertainty for the largest revenue stream of the Academy.
- Because per pupil state aid funding is the driving force behind most of the Academy's revenue, student enrollment strongly effects the budget. As student enrollment numbers continue to increase, it poses challenges to the Academy on how to provide educational services to its students in a manner that is fiscally responsible.
- The Academy continues to try and improve the services it provides to its students to ensure the Academy remains one of the choices for online learning.

**Request for Information**

This financial report is designed to provide our citizens, taxpayers, customers, and investors and creditors with a general overview of the Academy's finances and to demonstrate the Academy's accountability for the money it receives. If you have questions about this report, or need additional financial information, please contact the Academy at 50 Filer Street #324, Manistee, Michigan, 49660.

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF  
GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES

YEAR ENDED JUNE 30, 2025

Net Change in Fund Balances Total Governmental Funds \$ (16,788)

Amounts reported for governmental activities are different because:

Governmental funds report capital outlay as expenditures. In the Statement of Activities, these costs are allocated over their estimated useful lives as amortization.

Amortization Expense (60,211)

The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds.

Payments on Lease Liability 47,803

Governmental funds report District pension contributions as expenditures. However, in the Statement of Activities, the cost of pension and other postemployment benefits earned net of employee contributions are reported as expenses.

Change in Pension and Other Postemployment Benefits Related Items (4,916)

CHANGE IN NET POSITION OF GOVERNMENTAL ACTIVITIES \$ (34,112)

The notes to the financial statements are an integral part of this statement.

MICHIGAN GREAT LAKES VIRTUAL ACADEMY  
MANISTEE, MICHIGAN

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2025

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The basic financial statements of the Michigan Great Lakes Virtual Academy have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Academy's accounting policies are described below.

**A. Reporting Entity**

Public School Academies were formed pursuant to the Michigan School Code of 1976 as amended by Act 362 of the Public Acts of 1993 and Act Number 416 of the Public Acts of 1994; Act Number 416 became effective March 30, 1995. The Academy filed Articles of Incorporation as a non-profit corporation April 1, 2013.

The Academy has an agreement with Manistee Area Public Schools to organize and administer the Academy. The agreement requires the Academy to act exclusively as a governmental agency and not undertake any action inconsistent with its status as an entity authorized to receive state school aid funds pursuant to the State Constitution. The Manistee Area Public Schools' Board is the fiscal agent for the Academy and is responsible for overseeing the Academy's compliance with the contract and all applicable laws. The Academy pays Manistee Area Public Schools 3 percent of state aid foundation funds as administrative fees.

**B. Description of Government-Wide Financial Statements**

The government-wide financial statements (i.e., the *Statement of Net Position* and the *Statement of Activities*) report the information on all of the nonfiduciary activities of the primary government and its component units. All fiduciary activities are reported only in the fund financial statements. *Governmental activities*, which normally are supported by taxes, intergovernmental revenues, and other nonexchange transactions, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges to external customers for support. Likewise, the *primary government* is reported separately from certain legally separate *component units* for which the primary government is financially accountable. The Academy does not have any business-type activities or component units.

**C. Basis of Presentation – Government-Wide Financial Statements**

While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from the governmental funds. Separate financial statements are provided for governmental funds.

**D. Basis of Presentation – Fund Financial Statements**

The fund financial statements provide information about the government's funds. Separate statements for each fund category – governmental funds – are presented. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column.

The Academy reports the following major governmental fund:

The *General Fund* is the Academy's primary operating fund. It accounts for all financial resources of the Academy.

MICHIGAN GREAT LAKES VIRTUAL ACADEMY  
MANISTEE, MICHIGAN

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2025

**E. Measurement Focus and Basis of Accounting**

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as *current financial resources* or *economic resources*. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, and claims and judgments, are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt are reported as other financing sources.

State and federal aid and interest, if applicable, associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Entitlements are recorded as revenues when all eligibility requirements are met, including any time requirements, and the amount is received during the period or within the availability period for this revenue resource (within 60 days of year-end). Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other eligibility requirements have been met, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year-end). All other revenue items are considered to be measurable and available only when cash is received by the government.

**F. Budgetary Information**

**1. Budgetary Basis of Accounting**

Budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America. Annual appropriated budgets are adopted for the general and special revenue funds.

The Academy's approved budgets were adopted at the function level for the General Fund. These are the legal enacted levels under the State Uniform Budgeting and Accounting Act and the level of budgetary control adopted by the Board (the level at which expenditures may not legally exceed appropriations).

Appropriations in all budgeted funds lapse at the end of the fiscal year even if they have related encumbrances. Encumbrances represent commitments related to unperformed contracts for goods or services. Encumbrance accounting - under which purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve that portion of the applicable appropriation - is utilized in the governmental funds. While all appropriations and encumbrances lapse at year-end, valid outstanding encumbrances (those for which

MICHIGAN GREAT LAKES VIRTUAL ACADEMY  
MANISTEE, MICHIGAN

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2025

performance under the executory contract is expected in the next year) are re-appropriated and become part of the subsequent year's budget pursuant to state regulations.

The Academy follows these procedures in establishing the budgetary data reflected in the financial statements:

- a) In June, the finance department submits to the school board a proposed operating budget for the fiscal year commencing on July 1.
- b) A public hearing is conducted during June to obtain taxpayer comments.
- c) Prior to June 30, the budget is legally adopted by the Academy Board resolution pursuant to the Uniform Budgeting and Accounting Act. The Act requires that the budget be amended prior to the end of the fiscal year, when necessary, to adjust appropriations if it appears that revenues and other financial sources will be less than anticipated, or so that expenditures will not be in excess of original estimates. Expenditures shall not be made or incurred, unless authorized in the budget, in excess of the amount appropriated.
- d) The finance department and Board of Education are charged with general supervision of the budgets and shall hold the department heads responsible for performance of their responsibilities.
- e) For purposes of meeting emergency needs of the Academy, transfer of appropriations may be made by the authorization of the finance department. Such transfers of appropriations must be approved by the Board of Education at its next regularly scheduled meeting.
- f) During the year the budgets are monitored and amendments to the budget resolution are made when it is deemed necessary.
- g) Budgeted amounts are as originally adopted in June 2024, or as amended by the Academy Board of Education throughout the year.

**2. Excess of Expenditures over Appropriations**

	<u>APPROPRIATIONS</u>	<u>EXPENDITURES</u>
General Fund		
Supporting Services		
General Administration	\$ 8,536,482	\$ 8,558,760
Community Services		
Community Activities	531,680	541,838
Debt Service		
Debt Service	44,730	59,640

These overages were funded with additional revenues, expenditure reductions in other functions, and available fund balance.

MICHIGAN GREAT LAKES VIRTUAL ACADEMY  
MANISTEE, MICHIGAN

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2025

**G. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance**

**1. *Cash and Cash Equivalents***

The Academy's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments. The Academy considers all highly liquid investments (including certificates of deposit) to be cash equivalents.

**2. *Investments***

Certain investments are valued at fair value as determined by quoted market prices, or by estimated fair values when quoted market prices are not available. Standards also provide that certain investments are valued at cost (or amortized cost) when they are of a short-term duration and the rate of return is fixed, and the Academy intends to hold the investment until maturity.

State statutes authorize the Academy to invest in bonds and other direct and certain indirect obligations of the U.S. Treasury; certificates of deposit, savings accounts, deposit accounts, or depository receipts of bank, savings and loan association, or credit union, which is a member of the Federal Deposit Insurance Corporation, Federal Savings, and Loan Insurance Corporation, or National Credit Union Administration, respectively; in commercial paper rated at the time of purchase within the three highest classifications established by not less than two standard rating services and which matures not more than 270 days after the date of purchase. The Academy is also authorized to invest in U.S. Academy or federal agency obligation repurchase agreements, banker's acceptances of U.S. banks, and mutual funds composed of investments as outlined above.

Investments in the U.S. Treasury securities and those other securities completely guaranteed by the Treasury as to payment of principal and interest may be purchased in any dollar amount or up to 100 percent of the available reserves.

All investments must mature or be redeemable within two years of the date of purchase. The Academy's deposits and investments are held separately by the Academy's fund.

**3. *Inventory and Prepaid Items***

Inventory is valued at cost using the first-in/first-out method. Inventory consists of supplies held for consumption. Inventories are recorded as expenditures when consumed rather than when purchased. The Academy did not have any inventory as of the end of the fiscal year.

Certain payments made to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased.

The nonspendable fund balance at the governmental fund level is equal to the amount of inventories and prepaid items at year-end to indicate the portion of the governmental fund balances that are nonspendable.

**4. *Unearned Revenue***

Unearned revenue arises when resources are received by the Academy before it has a legal claim to them. In subsequent periods, when both revenue recognition criteria are met, or when the government has a legal claim

MICHIGAN GREAT LAKES VIRTUAL ACADEMY  
MANISTEE, MICHIGAN

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2025

to the resources, revenue is recognized. The Academy recognizes unearned revenue related to funds received by the Academy from the State of Michigan in the amount of \$2,922,396 as of June 30, 2025.

**5. *Defined Benefit Plans***

For purposes of measuring the net pension and other postemployment benefit liabilities, deferred outflows of resources and deferred inflows of resources related to pensions and other postemployment benefits, and pension and other postemployment benefits expense, information about the fiduciary net position of the Michigan Public School Employees' Retirement System (MPSERS) and additions to/deductions from MPSERS fiduciary net position have been determined on the same basis as they are reported by MPSERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**6. *Deferred Outflows/Inflows of Resources***

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The Academy does not have any items that qualify for reporting in this category except those related to its pension plan and other postemployment benefits plan, which are discussed in Note 3-F and Note 3-G of this report.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. The separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The Academy does not have any items that qualify for reporting in this category except those related to its pension plan and other postemployment benefits plan, which are discussed in Note 3-F and Note 3-G of this report.

**7. *Net Position Flow Assumption***

Sometimes the Academy will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted – net position and unrestricted – net position in the government-wide financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the Academy's policy to consider restricted – net position to have been depleted before unrestricted – net position is applied.

**8. *Fund Balance Flow Assumption***

Sometimes the Academy will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the Academy's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

MICHIGAN GREAT LAKES VIRTUAL ACADEMY  
MANISTEE, MICHIGAN

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2025

**9. Fund Balance Policies**

Fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. The Academy itself can establish limitations on the use of resources through either a commitment (committed fund balance) or an assignment (assigned fund balance).

The committed fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the Academy's highest level of decision-making authority. The governing board is the highest level of decision-making authority for the government that can, by adoption of a resolution prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the resolution remains in place until a similar action is taken (the adoption of another resolution) to remove or revise the limitation.

Amounts in the assigned fund balance classification are intended to be used by the Academy for specific purposes but do not meet the criteria to be classified as committed. The governing board has by resolution authorized the superintendent to assign fund balance. The board may also assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment.

**10. Use of Estimates**

The process of preparing basic financial statements in conformity with accounting principles generally accepted in the United States of America requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues, and expenditures. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

**11. Leases**

Lessee: The Academy is a lessee for a lease of a building. The Academy recognizes a lease liability and an intangible right-to-use lease asset in the government-wide financial statements.

At the commencement of a lease, the Academy initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized on a straight-line basis over its useful life.

Key estimates and judgements related to leases include how the Academy determines (1) the discount rate it uses to discount the expected lease payments to present value, (2) lease term, and (3) lease payments.

- The Academy uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by the lessor is not provided, the Academy generally uses its estimated incremental borrowing rate as the discount rate for leases.

MICHIGAN GREAT LAKES VIRTUAL ACADEMY  
MANISTEE, MICHIGAN

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2025

- The lease term includes the noncancelable period of the lease. Lease payments included in the measurement of the lease liability are composed of fixed payments and purchase option price that the Academy is reasonably certain to exercise.

The Academy monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability.

Lease liabilities are reported with long-term obligations on the statement of net position.

## **H. Revenues and Expenditures/Expenses**

### **1. State Revenue**

The State of Michigan utilizes a foundation grant approach which provides for a specific annual amount of revenue per pupil based on a statewide formula. Revenues from state sources are primarily governed by the School Aid Act and the School Code of Michigan. The Michigan Department of Education administers the allocation of state funds to Academies based on information supplied by the Academies. For the year ended June 30, 2025 the foundation allowance was based on pupil membership counts taken in October 2024 and February 2024. For fiscal year ended June 30, 2025, the per pupil foundation allowance was \$9,150 for Michigan Great Lakes Virtual Academy.

The State revenue is recognized during the foundation period and is funded through payments from October 2024 to August 2025. Thus, the unpaid portion at June 30th is reported as due from other governmental units.

The Academy also receives revenue from the state to administer certain categorical education programs. State rules require that revenue earmarked for these programs be used for its specific purpose. Certain governmental funds require an accounting to the state of the expenditures incurred. For categorical funds meeting this requirement, funds received, which are not expended by the close of the fiscal year are recorded as unearned revenue. Other categorical funding is recognized when the appropriation is received.

### **2. Program Revenues**

Amounts reported as program revenue include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. All taxes, including those dedicated for specific purposes, state foundation aid, certain revenue from the intermediate school Academy and other unrestricted items are not included as program revenue but instead as *general revenues*.

## **NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY**

### **A. Violations of Legal or Contractual Provisions**

Note 1.F.2, on the Excess of Expenditures over Appropriations, describes a budgetary violation that occurred for the year ended June 30, 2025.

MICHIGAN GREAT LAKES VIRTUAL ACADEMY  
MANISTEE, MICHIGAN

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2025

**NOTE 3 - DETAILED NOTES ON ALL FUNDS**

**A. Deposits and Investments**

As of June 30, 2025, the Academy had deposits and investments subject to the following risks:

*Custodial credit risk – deposits.* In the case of deposits, this is the risk that in the event of a bank failure, the Academy's deposits may not be returned to it. As of June 30, 2025, the Academy's bank balance was \$4,865,538 and \$4,615,538 of that amount was exposed to custodial credit risk because it was uninsured and uncollateralized. The carrying value on the books for deposits at the end of the fiscal year was \$4,591,351 as reported as cash on the financial statements.

*Interest rate risk.* In accordance with its investment policy, the Academy will minimize interest rate risk, which is the risk that the market value of securities in the portfolio will fall due to changes in market interest rates by structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities in the open market; and, investing operating funds primarily in shorter-term securities, liquid asset funds, money market mutual funds, or similar investment pools and limiting the average maturity in accordance with the Academy's cash requirements.

Investment Type	Fair Value	Weighted Average Maturity (Years)
Government Bonds	\$ 4,670,790	1.6458
Portfolio Weighted Average Maturity		1.6458
1 Day Maturity Equals 0.0027, One Year Equals 1.000		

*Credit risk.* State law limits investments in commercial paper and corporate bonds to a prime or better rating issued by nationally recognized statistical rating organizations (NRSOs). Obligations of the U.S. government or obligations explicitly guaranteed by the U.S. government are not considered to have credit risk and do not require disclosure of credit quality.

*Concentration of credit risk.* The Academy will minimize concentration of credit risk, which is the risk of loss attributed to the magnitude of the Academy's investment in a single issuer, by diversifying the investment portfolio so that the impact of potential losses from any one type of security or issuer will be minimized. Obligations of the U.S. government or obligations explicitly guaranteed by the U.S. government are not considered to have credit risk and do not require disclosure of credit quality.

Investment Type	Fair Value	Standard & Poor's Rating
Government Bonds	\$ 4,670,790	AA+

*Foreign currency risk.* The Academy is not authorized to invest in investments which have this type of risk; therefore, it is not addressed in the investment policy.

MICHIGAN GREAT LAKES VIRTUAL ACADEMY  
MANISTEE, MICHIGAN

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2025

*Custodial credit risk – investments.* For an investment, this is the risk that, in the event of the failure of the counterparty, the government will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Academy will minimize custodial credit risk, which is the risk of loss due to the failure of the security issuer or backer, by; limiting investments to the types of securities allowed by law; and pre-qualifying the financial institutions, broker/dealers, intermediaries and advisors with which the Academy will do business.

**Fair Market Value Disclosure** - The Academy is required to disclose amounts within a framework established for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Quoted prices in active markets for identical securities.

Level 2: Prices determined using other significant observable inputs. Observable inputs are inputs that other market participants may use in pricing a security. These may include quoted prices from similar securities, interest rates, prepayment speeds, credit risk, and others.

Level 3: Prices determined using significant unobservable inputs. In situations where quoted prices or observable inputs are unavailable or deemed less relevant unobservable inputs may be used. Unobservable inputs reflect the reporting entity’s own assumptions about the factors market participants would use in pricing the security and would be based on the best information available.

	Level 1	Level 2	Level 3	Balance at June 30, 2025
Investments by fair value level				
Government Bonds	\$ 0	\$ 4,670,790	\$ 0	\$ 4,670,790

The cash and investments referred to above have been reported in either the cash or investments captions on the financial statements, based upon criteria disclosed in Note 1.

The following summarized the categorization of these amounts as of June 30, 2025:

	Primary Government
Cash	\$ 4,591,351
Restricted Investments	4,670,790
	\$ 9,262,141

**B. Receivables**

The Academy reports \$9,193,049 as due from other governments at June 30, 2025. The amount recorded as due from other governments is made up of state aid and federal grant revenues. The Academy also reports \$1,963 in accounts receivable as of June 30, 2025.

MICHIGAN GREAT LAKES VIRTUAL ACADEMY  
MANISTEE, MICHIGAN

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2025

**C. Long-Term Obligations**

	LEASE LIABILITY
Balance, July 1, 2024	\$ 317,670
Additions	0
Deletions	(47,803)
Balance, June 30, 2025	269,867
Less current portion	49,751
Total due after one year	\$ 220,116

The annual requirements to amortize all long-term obligations outstanding as of June 30, 2025, including interest payments of \$28,333 are as follows:

YEAR ENDING JUNE 30,	LEASE LIABILITY		TOTAL
	PRINCIPAL	INTEREST	
2026	\$ 49,751	\$ 9,889	\$ 59,640
2027	51,778	7,862	59,640
2028	53,887	5,753	59,640
2029	56,083	3,557	59,640
2030	58,368	1,272	59,640
	\$ 269,867	\$ 28,333	\$ 298,200

Interest expense for the year ended June 30, 2025, was \$11,837.

**D. Right to Use Assets**

	Balance July 1, 2024	Additions	Deletions	Balance June 30, 2025
Right to Use Assets Being Amortized:				
Right to Use - Buildings	\$ 364,814	\$ 0	\$ 0	\$ 364,814
Less Accumulated Amortization:				
Right to Use - Buildings	60,210	60,211	0	120,421
Net Right to Use Assets Being Amortized	\$ 304,604	\$ (60,211)	\$ 0	\$ 244,393

Right to use assets of the Academy are amortized using the straight-line method over the shorter of the lease period or the estimated useful lives. Amortization for the fiscal year ended June 30, 2025, amounted to \$60,211. The Academy determined that it was impractical to allocate amortization to the various governmental activities as the assets serve multiple functions.

MICHIGAN GREAT LAKES VIRTUAL ACADEMY  
MANISTEE, MICHIGAN

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2025

**E. Defined Benefit Plan and Postemployment Benefits**

Plan Description

The Michigan Public School Employees' Retirement System (MPSERS) (System) is a cost-sharing, multiple employer, state-wide, defined benefit public employee retirement plan governed by the State of Michigan (State) originally created under Public Act 136 of 1945, recodified and currently operating under the provisions of Public Act 300 of 1980, as amended. Section 25 of this act establishes the Board's authority to promulgate or amend the provisions of the System. MPSERS issues a publicly available Annual Comprehensive Financial Report that can be obtained at [www.michigan.gov/orsschools](http://www.michigan.gov/orsschools).

The System's pension plan was established by the State to provide retirement, survivor and disability benefits to public school employees. In addition, the System's health plan provides all retirees with option of receiving health, prescription drug, dental and vision coverage under the Michigan Public School Employees' Retirement Act.

The System is administered by the Office of Retirement Services (ORS) within the Michigan Department of Technology, Management & Budget. The Department Director appoints the Office Director, with whom the general oversight of the System resides. The State of Michigan Investment Board serves as the investment fiduciary and custodian for the System.

Benefits Provided - Overall

Participants are enrolled in one of multiple plans based on date of hire and certain voluntary elections. A summary of the plans offered by MPSERS is as follows:

<u>Plan Name</u>	<u>Plan Type</u>	<u>Plan Status</u>
Basic	Defined Benefit	Closed
Member Investment Plan (MIP)	Defined Benefit	Closed
Pension Plus	Hybrid	Closed
Pension Plus 2	Hybrid	Open
Defined Contribution	Defined Contribution	Open

Benefits Provided - Pension

Benefit provisions of the defined benefit pension plan are established by State statute, which may be amended. Public Act 300 of 1980, as amended, establishes eligibility and benefit provisions for the defined benefit (DB) pension plan. Retirement benefits for DB plan members are determined by final average compensation and years of service. DB members are eligible to receive a monthly benefit when they meet certain age and service requirements. The System also provides disability and survivor benefits to DB plan members.

Prior to Pension reform of 2010 there were two plans commonly referred to as Basic and the Member Investment Plan (MIP). Basic Plan member's contributions range from 0% - 4%. On January 1, 1987, the Member Investment Plan (MIP) was enacted. MIP members enrolled prior to January 1, 1990, contribute at a permanently fixed rate of 3.9% of gross wages. Members first hired January 1, 1990, or later including Pension Plus Plan members, contribute at various graduated permanently fixed contribution rates from 3.0% - 7.0%.

MICHIGAN GREAT LAKES VIRTUAL ACADEMY  
MANISTEE, MICHIGAN

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2025

Pension Reform 2010

On May 19, 2010, the Governor signed Public Act 75 of 2010 into law. As a result, any member of the Michigan Public School Employees' Retirement System (MPSERS) who became a member of MPSERS after June 30, 2010, is a Pension Plus member. Pension Plus is a hybrid plan that contains a pension component with an employee contribution (graded, up to 6.4% of salary) and a flexible and transferable defined contribution (DC) tax-deferred investment account that earns an employer match of 50% (up to 1% of salary) on employee contributions. Retirement benefits for Pension Plus members are determined by final average compensation and years of service. Disability and survivor benefits are available to Pension Plus members.

Pension Reform 2012

On September 4, 2012, the Governor signed Public Act 300 of 2012 into law. The legislation grants all active members who first became a member before July 1, 2010, and who earned service credit in the 12 months ending September 3, 2012, or were on an approved professional services or military leave of absence on September 3, 2012, a voluntary election regarding their pension. Any changes to a member's pension are effective as of the member's *transition date*, which is defined as the first day of the pay period that begins on or after February 1, 2013.

Under the reform, members voluntarily chose to increase, maintain, or stop their contributions to the pension fund.

An amount determined by the member's election of Option 1, 2, 3, or 4 described below:

Option 1 - Members voluntarily elected to increase their contributions to the pension fund as noted below and retain the 1.5% pension factor in their pension formula. The increased contribution would begin as of their transition date and continue until they terminate public school employment.

- Basic plan members: 4% contribution
- Member Investment Plan (MIP)-Fixed, MIP-Graded, and MIP-Plus members: a flat 7% contribution

Option 2 - Members voluntarily elected to increase their contribution to the pension fund as stated in Option 1 and retain the 1.5% pension factor in their pension formula. The increased contribution would begin as of their transition date and continue until they reach 30 years of service. If and when they reach 30 years of service, their contribution rates will return to the previous level in place as of the day before their transition date (0% for Basic plan members, 3.9% for MIP-Fixed, up to 4.3% for MIP-Graded, or up to 6.4% for MIP-Plus). The pension formula for any service thereafter would include a 1.25% pension factor.

Option 3 - Members voluntarily elected not to increase their contribution to the pension fund and maintain their current level of contribution to the pension fund. The pension formula for their years of service as of the day before their transition date will include a 1.5% pension factor. The pension formula for any service thereafter will include a 1.25% pension factor.

Option 4 - Members voluntarily elected to no longer contribute to the pension fund and therefore are switched to the Defined Contribution plan for future service as of their transition date. As a DC participant they receive a 4% employer contribution to the tax-deferred 401(k) account and can choose to contribute up to the maximum amounts permitted by the IRS to a 457 account. They vest in employer contributions and related earnings in their 401(k)-account based on the following schedule: 50% at 2 years, 75% at 3 years, and 100% at 4 years of service. They are 100% vested in any personal contributions and related earnings in their 457 account. Upon retirement, if they meet age and service

MICHIGAN GREAT LAKES VIRTUAL ACADEMY  
MANISTEE, MICHIGAN

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2025

requirements (including their total years of service), they would also receive a pension (calculated based on years of service and final average compensation as of the day before their transition date and a 1.5% pension factor).

Members who did not make an election before the deadline defaulted to Option 3 as described above. Deferred or nonvested public school employees on September 3, 2012, who return to public school employment on or after September 4, 2012, will be considered as if they had elected Option 3 above. Returning members who made the retirement plan election will retain whichever option they chose.

Employees who first work on or after September 4, 2012, choose between two retirement plans: The Pension Plus Plan and a Defined Contribution Plan that provides a 50% employer match (up to 3% of salary) on employee contributions.

Final Average Compensation (FAC) - Average of highest 60 consecutive months for Basic Plan members and Pension Plus members (36 months for MIP members). FAC is calculated as of the last day worked unless the member elected Option 4, in which case the FAC is calculated at the transition date.

Pension Reform of 2017

On July 13, 2017, the Governor signed Public Act 92 of 2017 into law. The legislation closed the Pension Plus Plan to newly hired employees as of February 1, 2018, and created a new, optional Pension Plus 2 Plan with similar plan benefit calculations but containing a 50/50 cost share between the employee and the employer, including the cost of future unfunded liabilities. The assumed rate of return on the Pension Plus 2 Plan is 6%. Further, under certain adverse actuarial conditions, the Pension Plus 2 Plan will close to new employees if the actuarial funded ratio falls below 85% for two consecutive years. The law included other provisions to the retirement eligibility age, plan assumptions, and unfunded liability payment methods.

New employees hired between February 1, 2018 and June 30, 2024, are automatically enrolled as members in the Pension Plus 2 plan as of their date of hire. They have 75 days from the last day of their first pay period, as reported to IRS, to elect to opt out of the Pension Plus 2 plan and become a qualified participant to the DC plan; if no election is made they will default to the DC plan. If they elect to opt out of the Pension Plus 2 plan, their participation in the DC plan will be retroactive to their date of hire.

Pension Reform of 2023

On November 29, 2023, the Governor signed Public Act 250 of 2023 into law. New employees hired after June 30, 2024, are automatically enrolled as members in the Pension Plus 2 plan as of their date of hire. They have 75 days from the last day of their first pay period, as reported to IRS, to elect to opt out of the Pension Plus 2 plan and become a qualified participant in the DC plan; if no election is made they will remain in the Pension Plus 2 plan. If they elect to opt out of the Pension Plus 2 plan, their participation in the DC plan will be retroactive to their date of hire.

Benefits Provided - Other Postemployment Benefit (OPEB)

Benefit provisions of the postemployment healthcare plan are established by State statute, which may be amended. Public Act 300 of 1980, as amended, establishes eligibility and benefit provisions. Retirees have the option of health coverage, which, through 2012, was funded on a cash disbursement basis. Beginning fiscal year 2013, it is funded on a prefunded basis. The System has contracted to provide the comprehensive group medical, prescription drug, dental and vision coverage for retirees and beneficiaries. A subsidized portion of the premium is paid by the System with the balance deducted from the monthly pension of each retiree health care recipient. For members who first worked

MICHIGAN GREAT LAKES VIRTUAL ACADEMY  
MANISTEE, MICHIGAN

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2025

before July 1, 2008, (Basic, MIP-Fixed, and MIP-Graded plan members), the subsidy is the maximum allowed by statute. To limit future liabilities of Other Postemployment Benefits, members who first worked on or after July 1, 2008, (MIP-Plus plan members), have a graded premium subsidy based on career length where they accrue credit towards their insurance premiums in retirement, not to exceed the maximum allowable by statute. Public Act 300 of 2012 sets the maximum subsidy at 80% beginning January 1, 2013; 90% for those Medicare eligible and enrolled in the insurances as of that date.

Retiree Healthcare Reform of 2012

Public Act 300 of 2012 granted all active members of the Michigan Public School Employees' Retirement System, who earned service credit in the 12 months ending September 3, 2012, or were on an approved professional services or military leave of absence on September 3, 2012, a voluntary election regarding their retirement healthcare. Any changes to a member's healthcare benefit are effective as of the member's *transition date*, which is defined as the first day of the pay period that begins on or after February 1, 2013.

Under Public Act 300 of 2012, members were given the choice between continuing the 3% contribution to retiree healthcare and keeping the premium subsidy benefit described above or choosing not to pay the 3% contribution and instead opting out of the subsidy benefit and becoming a participant in the Personal Healthcare Fund (PHF), a portable, tax-deferred fund that can be used to pay healthcare expenses in retirement. Participants in the PHF are automatically enrolled in a 2% employee contribution into their 457 account as of their transition date, earning them a 2% employer match into a 401(k) account. Members who selected this option stop paying the 3% contribution to retiree healthcare as of the day before their transition date, and their prior contributions will be deposited into their 401(k) accounts.

Regular Retirement (no reduction factor for age)

Eligibility - A Basic plan member may retire at age 55 with 30 years credited service; or age 60 with 10 years credited service. For Member Investment Plan (MIP) members, age 46 with 30 years credited service; or age 60 with 10 years credited service; or age 60 with 5 years of credited service provided member worked through their 60<sup>th</sup> birthday and has credited service in each of the last 5 years. For Pension Plus Plan (PPP) members, age 60 with 10 years of credited service.

Annual Amount - The annual pension is paid monthly for the lifetime of a retiree. The calculation of a member's pension is determined by their pension election under PA 300 of 2012.

Member Contributions

Depending on the plan selected, member contributions range from 0% - 7% for pension and 0% - 3% for other postemployment benefits. Plan members electing the Defined Contribution Plan are not required to make additional contributions.

Employer Contributions

Employers are required by Public Act 300 of 1980, as amended, to contribute amounts necessary to finance the coverage of pension benefits and OPEB. Contribution provisions are specified by State statute and may be amended only by action of the State Legislature.

Employer contributions to the System are determined on an actuarial basis using the entry age normal actuarial cost method. Under this method, the actuarial present value of the projected benefits of each individual included in the actuarial valuation is allocated on a level basis over the service of the individual between entry age and assumed exit

MICHIGAN GREAT LAKES VIRTUAL ACADEMY  
MANISTEE, MICHIGAN

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2025

age. The normal cost is the annual cost assigned under the actuarial funding method, to the current and subsequent plan years. The remainder is called the actuarial accrued liability. Normal cost is funded on a current basis.

Pension and OPEB contributions made in the fiscal year ending September 30, 2024, were determined as of the September 30, 2021, actuarial valuations. The pension and OPEB benefits, the unfunded (overfunded) actuarial accrued liabilities as of September 30, 2021, are amortized over a 15-year period beginning October 1, 2023, and ending September 30, 2038.

School districts' contributions are determined based on employee elections. There are several different benefit options included in the plan available to employees based on date of hire. Contribution rates are adjusted annually by the ORS. The range of rates is as follows:

	<b>Pension</b>	<b>Other Postemployment Benefit</b>
October 1, 2023 - September 30, 2024	13.90% - 23.03%	7.06% - 8.31%
October 1, 2024 - September 30, 2025	20.96% - 30.11%	0.00% - 1.25%

The Academy's pension contributions for the year ended June 30, 2025, were equal to the required contribution total. Total pension contributions were \$0.

The Academy's OPEB contributions for the year ended June 30, 2025, were equal to the required contribution total. Total OPEB contributions were \$0.

**F. Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

The net pension liability was measured as of September 30, 2024, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation date of September 30, 2023, and rolled-forward using generally accepted actuarial procedures. The District's proportion of the net pension liability was based on a projection of its long-term share of contributions to the pension plan relative to the projected contributions of all participating reporting units, actuarially determined.

**MPSERS (Plan) Non-University Employers Net Pension Liability**

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2025

**Pension Expense and Deferred Inflows and Outflows of Resources Related to Pensions**

For the year ended June 30, 2025, the Academy recognized pension expense of \$2,463.

At June 30, 2025, the Academy reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Changes in proportion and differences between District contributions and proportionate share of contributions	\$ 38,985	\$ 75,854

Amounts reported as deferred outflows of resources (+) and deferred inflows of resources (-) related to pensions will be recognized in pension expense as follows:

<b>Year Ended June 30,</b>	<b>Amount</b>
2026	\$ 2,463
2027	(9,430)
2028	(19,796)
2029	(10,106)
	\$ (36,869)

**G. OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB**

The net OPEB liability (asset) was measured as of September 30, 2024, and the total OPEB liability (asset) used to calculate the net OPEB liability (asset) was determined by an actuarial valuation date of September 30, 2023, and rolled-forward using generally accepted actuarial procedures. The District's proportion of the net OPEB liability (asset) was based on a projection of its long-term share of contributions to the OPEB plan relative to the projected contributions of all participating reporting units, actuarially determined.

**MPSERS (Plan) Non-University Employers Net OPEB Liability (Asset)**

	<b>September 30, 2024</b>	<b>September 30, 2023</b>

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2025

**OPEB Expense and Deferred Inflows and Outflows of Resources Related to OPEB**

For the year ended June 30, 2025, the Academy recognized OPEB expense of \$2,453.

At June 30, 2025, the Academy reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Changes in proportion and differences between District contributions and proportionate share of contributions	\$ 21,439	\$ 18,916

The amounts reported as deferred outflows of resources (+) and deferred inflows of resources (-) related to OPEB will be recognized in OPEB expense as follows:

<b>Year Ended June 30,</b>	<b>Amount</b>
2026	\$ 2,453
2027	2,453
2028	2,453
2029	(2,696)
2030	(2,140)
	\$ 2,523

**H. Actuarial Assumptions**

**Investment Rate of Return for Pension** - 6.00% a year, compounded annually net of investment and administrative expenses for the MIP, Basic, Pension Plus, and Pension Plus 2 Plan groups.

**Investment Rate of Return for OPEB** - 6.00% a year, compounded annually net of investment and administrative expenses.

**Salary Increases** - The rate of pay increase used for individual members is 2.75% - 11.55%, including wage inflation at 2.75%.

**Inflation** - 3.0%.

**Mortality Assumptions -**

*Retirees:* PubT-2010 Male and Female Retiree Mortality Tables scaled by 116% for males and 116% for females and adjusted for mortality improvements using projection scale MP-2021 from 2010.

*Active:* PubT-2010 Male and Female Employee Mortality Tables scaled 100% and MP-2021 adjusted for mortality improvements using projection scale from 2010.

MICHIGAN GREAT LAKES VIRTUAL ACADEMY  
MANISTEE, MICHIGAN

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2025

*Disabled Retirees:* PubNS-2010 Male and Female Disabled Retiree Mortality Tables scaled 100% and adjusted for mortality improvements using projection scale MP-2021 from 2010.

**Experience Study** - Assumption changes as a result of an experience study for the periods 2017 through 2022 have been adopted by the System for use in the determination of the total pension and OPEB liability beginning with the September 30, 2023 valuation.

**The Long-Term Expected Rate of Return on Pension and Other Postemployment Benefit Plan Investments** - The pension rate was 6.00% (MIP, Basic, Pension Plus Plan, and Pension Plus 2 Plan), and the other postemployment benefit rate was 6.00%, net of investment and administrative expenses determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension and OPEB plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

**Cost of Living Pension Adjustments** - 3.0% annual non-compounded for MIP members.

**Healthcare Cost Trend Rate for Other Postemployment Benefit** - Pre 65, 7.25% for year one and graded to 3.5% in year fifteen. Post 65, 6.50% for year one and graded to 3.5% in year fifteen.

**Additional Assumptions for Other Postemployment Benefit Only** - Applies to individuals hired before September 4, 2012:

Opt Out Assumption - 21% of eligible participants hired before July 1, 2008, and 30% of those hired after June 30, 2008, are assumed to opt out of the retiree health plan.

Survivor Coverage - 80% of male retirees and 67% of female retirees electing two-person coverage are assumed to have coverage continuing after the retiree's death.

Coverage Election at Retirement - 75% of male and 60% of female future retirees who elected coverage are assumed to elect coverage for 1 or more dependents.

The target asset allocation at September 30, 2024, and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Investment Category</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return*</u>
Domestic Equity Pools	25.00%	5.30%
Private Equity Pools	16.00%	9.00%
International Equity Pools	15.00%	6.50%
Fixed Income Pools	13.00%	2.20%
Real Estate & Infrastructure Pools	10.00%	7.10%
Absolute Return Pools	9.00%	5.20%
Real Return/Oppportunistic Pools	10.00%	6.90%
Short-Term Investment Pools	2.00%	1.40%
	<u>100%</u>	

MICHIGAN GREAT LAKES VIRTUAL ACADEMY  
MANISTEE, MICHIGAN

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2025

\*Long-term rate of return are net of administrative expenses and 2.3% inflation.

**Rate of Return**

For fiscal year ended September 30, 2024, the annual money-weighted rate of return on pension and OPEB plan investments, net of pension and OPEB plan investment expense, was 15.47% and 15.45%, respectively. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

**Pension Discount Rate**

A single discount rate of 6.00% was used to measure the total pension liability. This discount rate was based on the expected rate of return on pension plan investments of 6.00%. The projection of cash flows used to determine this single discount rate assumed that plan member contributions will be made at the current contribution rate and that contributions from school districts will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**OPEB Discount Rate**

A single discount rate of 6.00% was used to measure the total OPEB liability/asset. This discount rate was based on the long-term expected rate of return on OPEB plan investments of 6.00%. The projection of cash flows used to determine this discount rate assumed that plan member contributions will be made at the current contribution rate and that school districts contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on these assumptions, the OPEB plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability/asset.

***Sensitivity of the District’s Proportionate Share of Net Pension Liability to Changes in the Discount Rate***

The following presents the Reporting Unit’s proportionate share of the net pension liability calculated using a single discount rate of 6.00%, as well as what the Reporting Unit’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

<b>Pension</b>		
1% Decrease	Pension Discount Rate	1% Increase
\$ 0	\$ 0	\$ 0

***Sensitivity of the District’s Proportionate Share of the Net OPEB Liability (Asset) to Changes in the Discount Rate***

**I. Pension and OPEB Plan Fiduciary Net Position**

Detailed information about the pension and OPEB plan’s fiduciary net position is available in the separately issued Michigan Public School Employees Retirement System 2024 Annual Comprehensive Financial Report.

**J. Payables to the Pension and OPEB Plan**

As of June 30, 2025, the Academy is current on all required pension and OPEB plan payments and because they have no participating members. There are no payables to the plan.

**NOTE 4 - OTHER INFORMATION**

**A. Risk Management**

The Academy participates in a distinct pool of education institutions within the State of Michigan for various risks of loss, including general liability, property and casualty. The pool is considered a public entity risk pool. The Academy pays annual premiums to the pool for the respective insurance coverage. In the event the pool’s total claims and expenses for a policy year exceed the total normal annual premiums for said years, all members of the specific pool’s policy year may be subject to special assessments to make up the deficiency. The Academy has not been informed of any special assessments being required.

**B. Oversight Fees**

The Academy pays an administrative oversight fee of 3 percent of its unrestricted state school aid to Manistee Public Schools as set forth by contract, to reimburse the Board of Education for the cost of execution of its oversight responsibilities. These oversight responsibilities include the monitoring of the Academy’s compliance with the terms

MICHIGAN GREAT LAKES VIRTUAL ACADEMY  
MANISTEE, MICHIGAN

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2025

and conditions of the contract, and the review of its audited financial statements and periodic reports. During the year ended June 30, 2025, the Academy incurred \$1,315,214 of expenses for oversight fees.

**C. Contracted Services/Related Party Transaction**

The Academy contracted with K12 Management, Inc. (K12) to provide teaching, administrative and various other services for the Academy. Payments for such services were made to K12 throughout the year as the Academy incurred these expenses. The Academy also pays an administrative services fee of 15 percent of its program revenues to K12 Management Inc., as set forth by contract. The amount incurred to K12 for administrative services during the fiscal year was \$7,171,407. Additionally, the Academy pays 7 percent of its program revenues to K12 Management Inc. for technology services provided to the Academy. The amount incurred to K12 for technology services during the fiscal year was \$3,346,657.

**D. GASB Statement No. 96 – Subscription-based Information Technology Arrangements**

It has been determined that the Academy has subscription-based information technology arrangements as defined by GASB Statement No. 96. However, the total of these subscription-based information technology arrangements has been determined they are not significant enough to warrant disclosure.

**E. Commitments and Contingencies**

Under the terms of various state grants and regulatory requirements, periodic audits are required, and certain cost may be questioned as not being appropriate expenditures under the terms of the grants and requirements. Such audits could lead to reimbursement of the grantor or regulatory agencies. However, management does not believe such disallowances, if any, would be material to the financial position of the Academy.

**F. Single Audit**

Current federal guidelines require entities with federal expenditures exceeding \$750,000 to have a “single audit” of federally funded programs. This audit is being performed and the reports based thereon will be issued under a separate cover.

**NOTE 5 - UPCOMING ACCOUNTING PRONOUNCEMENTS**

In April 2024, the GASB issued Statement No. 103, *Financial Reporting Model Improvements*. This Statement establishes new accounting and financial reporting requirements—or modifies existing requirements—related to the following:

- a. Management’s discussion and analysis (MD&A);
  - i. Requires that the information presented in MD&A be limited to the related topics discussed in five specific sections:
    - 1) Overview of the Financial Statements,
    - 2) Financial Summary,
    - 3) Detailed Analyses,
    - 4) Significant Capital Asset and Long-Term Financing Activity,
    - 5) Currently Known Facts, Decisions, or Conditions;

MICHIGAN GREAT LAKES VIRTUAL ACADEMY  
MANISTEE, MICHIGAN

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2025

- ii. Stresses detailed analyses should explain why balances and results of operations changed rather than simply presenting the amounts or percentages by which they changed;
  - iii. Removes the requirement for discussion of significant variations between original and final budget amounts and between final budget amounts and actual results;
- b. Unusual or infrequent items;
- c. Presentation of the proprietary fund statement of revenues, expenses, and changes in fund net position;
- i. Requires that the proprietary fund statement of revenues, expenses, and changes in fund net position continue to distinguish between operating and nonoperating revenues and expenses and clarifies the definition of operating and nonoperating revenues and expenses;
  - ii. Requires that a subtotal for *operating income (loss) and noncapital subsidies* be presented before reporting other nonoperating revenues and expenses and defines subsidies;
- d. Information about major component units in basic financial statements should be presented separately in the statement of net position and statement of activities unless it reduces the readability of the statements in which case combining statements should be presented after the fund financial statements;
- e. Budgetary comparison information should include variances between original and final budget amounts and variances between final budget and actual amounts with explanations of significant variances required to be presented in the notes to RSI.

The Academy is currently evaluating the impact this standard will have on the financial statements when adopted during the 2025-2026 fiscal year.

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION  
FOR YEAR ENDED JUNE 30, 2025

**Pension Information**

**Changes of Benefit Terms** - There were no changes of benefit terms for the plan year ended September 30, 2024.

**Changes of Assumptions** – The assumption changes for the plan year ended September 30, 2024, were:

- 2023 - The valuation includes the impact of an updated experience study for periods from 2017 to 2022.
- 2022 - The discount rate and investment rate of return used in the September 30, 2021, actuarial valuation decreased by 0.80 percentage points.
- 2019 - The discount rate used in the September 30, 2018, actuarial valuation decreased by 0.25 percentage points.
- 2018 - The discount rate used in the September 30, 2017, actuarial valuation decreased by 0.45 percentage points. The valuation also includes the impact of an updated experience study for periods from 2012 to 2017.
- 2017 - The discount rate used in the September 30, 2016, actuarial valuation decreased by 0.50 percentage points.

**OPEB Information**

**Changes of Benefit Terms** - There were no changes of benefit terms for the plan year ended September 30, 2024.

**Changes of Assumptions** – The assumption changes for the plan year ended September 30, 2024, were:

- 2024 - The health care cost trend rate used in the September 30, 2023, actuarial valuation decreased by 0.25 percentage points for members under 65 and increased by 0.25 percentage point for members over 65.
- 2023 - The health care cost trend rate used in the September 30, 2022, actuarial valuation decreased by 0.25 percentage points for members under 65 and increased by 1.00 percentage point for members over 65. In addition, actual per person health benefit costs were lower than projected. The valuation includes the impact of an updated experience study for periods from 2017 to 2022.
- 2022 - The discount rate and investment rate of return used in the September 30, 2021, actuarial valuation decreased by 0.95 percentage points. This resulted in lower than projected per person health benefit costs to reduce the plan's total OPEB liability by an additional \$1.1 billion in 2022.
- 2021 - The health care cost trend rate used in the September 30, 2020, actuarial valuation increased by 0.75 percentage points for members under 65 and decreased by 1.75 percentage points for members over 65. In addition, actual per person health benefit costs were lower than projected. This reduced the plan's total OPEB liability by \$1.3 billion in 2021.
- 2020 - The health care cost trend rate used in the September 30, 2019, actuarial valuation decreased by 0.50 percentage points and actual per person health benefit costs were lower than projected. This reduced the plan's total OPEB liability by \$1.8 billion in 2020.
